Terwillegar Park Vision

In 2005, City Council approved *A Vision for Terwillegar Park.* The Vision Plan defined the vision, key values, preferred activities and required infrastructure to meet the needs of existing and future users while protecting and managing the natural resources of Terwillegar Park.

The approved vision for Terwillegar Park is: "A Unique Natural Park within the City of Edmonton's River Valley Park System."

Terwillegar Park Concept Plan

From 2007-2009 the Terwillegar Concept Planning Study took place. The Study built on *A Vision for Terwillegar Park*. The purpose of the Study was to develop an overall concept plan, management objectives and development guidelines for Terwillegar Park for the next ten years.

Public consultation with a stakeholder advisory committee, park users and the general public took place throughout the concept planning phase of the project.

In January 2009, the Terwillegar Park Concept Plan was approved by City Council.

Terwillegar Park Access Road

Paving of the Terwillegar Park Access Road and improvements to the parking lot were a few of the recommendations identified in the Terwillegar Park Concept Plan.

Currently, the detailed design of the access road is complete and is proceeding to the construction phase and will be paved in Fall 2010. The parking lot is in the preliminary design phase.
