

Exploring Options & Trade-offs Engagement Summary

Killarney Neighbourhood Renewal
June to July 2020

REFINE

What We Talked About

Participants were invited to join a conversation exploring design options for Killarney that considered issues and opportunities identified by the community. Project team members walked participants through options and asked for input on:

- + Biking – bike routes and facility types
- + Walking – sidewalk connections
- + Driving – traffic calming
- + Parks and open spaces

IMPORTANT NOTE: While in-person public events are postponed and physical distancing was a priority, we remained committed to delivering project information and meaningful public engagement opportunities efficiently and safely.

12 online sessions

How People Participated

Online Video Views

- + Biking – 76
- + Driving – 49
- + Walking – 53
- + Green Spaces – 70

Online Survey

- + 28 Responses

Community Member Phone Calls

- + 6 phone calls with the Project Manager

Stakeholder Meetings & Emails

Meetings held and feedback received from representatives at:

- + Edmonton Public Schools Planning Division
