The City of Edmonton offers a wide range of daycamps for children and youth, hosted by the Community Recreation Facilities & Attractions branch and the Neighbourhoods branch.

City Facilities and Attractions camps can be found in the first section (page 1).

The camps are offered at a number of city-wide locations including City Recreation Centres, the River Valley, City Arts Centre, Valley Zoo, John Janzen Nature Center, John Walter Museum, Muttart Conservatory, and Prince of Wales Armouries. These daycamps are for children and youth aged 3 ½ to 17 years of age.

Edmonton Valley Zoo

Every day your child comes home from a Zoo daycamp, you'll be amazed by what he learned or what she saw. Maybe he'll tell you about otters playing in the water, enjoying a popsicle filled with fish. Or maybe she'll share how the zebras were excitedly running around their yard. Perhaps he saw a wolf out for a walk. Or a serval cat. Or an iguana. Or even an elephant! She'll definitely want to tell you about the treats she gave the alpaca, or how the monkeys loved the toy she made! Maybe he made a pirate hat and searched for a treasure map. Maybe she made a sock puppet and can't wait for you to see her puppet show. Do you know what a snake feels like? Or what a tortoise loves to eat? How about a rat's favourite smell? Now you have an expert who would love to tell you everything!

What will today be like at the Edmonton Valley Zoo? Sign your child up for one of our daycamps and find out!

Early drop-off and late pickup are available. Please see individual camp descriptions for times.

Recreation and Leisure Centres

Recreation & Physical Activity Camps

MAKING MOVEMENT FUN!

We offer a wide variety of awesome daycamp opportunities for our preschool, 2.5–5 years, and our school age, 5–12 years, in our convenient Recreation and Leisure facilities. Interwoven throughout camp programming is our commitment to enhance your child's physical literacy. Just like reading and writing, kids must learn to move. In fact, children who embrace movement at a young age are more likely to stay active into adulthood. In addition to creative weekly themes, we engage campers in daily activities that include running, jumping, climbing, swimming and playing. Join us for a fantastic, active summer! All City of Edmonton camp staff members are trained in physical literacy programming, fundamental movement skills, as well as principles in HIGH FIVE. For more information on our program principles, please contact Lisa Scheuer at 780-508-9064.

Preschool Summer Camps

Each week is planned around exciting seasonal themes, including physical activity, free play songs, games, crafts, stories and much more! Please ensure emergency contact and medical information are up to date, as this serves as course registration. Outdoor activities are included so please ensure your child is dressed appropriately for the weather. Bring indoor shoes, socks and a nut-free snack daily. Parents will receive Camper Registration Packages to be filled out on the first day of camp.

Parented camps are for children ages 1–3 years and 2.5–3.5 years. Parented camps are designed for you to engage with your child while participating in the planned activities together.

Non-parented camps are for children ages 3.5–5 years. These camps are designed for children who are looking for opportunities to develop their own independence and enjoy exploration where all interaction is with their peers. These camps run in half day time slots allowing parent(s)/guardian(s) a full 3 hours of free time.

Please bring a small daily snack (nut-free) and drink for your child. Please bring clean, dry (indoor) shoes for your child.

Active Tots Camp (Ages 1–3)

Benefits of Neighbourhood Based Recreation Programs

The City of Edmonton is committed to a vibrant, connected, engaged and welcoming city – one that celebrates life. These are two of the goals set out in the “Way We Live: Edmonton’s People Plan.” Neighbourhood Based Recreation Programs give Edmontonians the chance to experience just how vibrant and welcoming the City’s neighbourhoods can be!

Our Neighbourhood Registered Daycamp Programs offer a variety of themed experiences for children from ages 2 to 12. Thanks to the partnership with Community Leagues and Community Organizations across the City, these daycamps are affordable, unique and always close by.

As well as the opportunity to make new friends close to home, other benefits of City of Edmonton Neighbourhood Summer Daycamps are:

- Enthusiastic, trained camp leaders
- Fun and engaging activities, offered in a safe and caring environment
- A variety of different themes
- The chance to learn new games and skills
- Programs for a wide variety of ages
- The opportunity to connect with the community and your neighbours

The City of Edmonton values recreation opportunities that build community by:

- Fostering healthy and active lifestyles
- Fostering life-long learners and leaders
- Being inclusive of all citizens
- Being in local neighbourhoods and communities

Summer Program Staff

You will see many different City of Edmonton staff in our Neighbourhood Programs this summer. Everyone plays a slightly different role, so to help you understand who does what, our staff will be wearing different coloured shirts. Please feel free to stop by and chat with any of them. They are all happy to answer your questions about City of Edmonton Neighbourhood Summer Programs.

Children’s Program Leaders (Blue Shirts)

You’ll see them leading daycamps. They also lead the neighbourhood recreation programs like the Green Shack playground programs, Pop Up Play programs and Flying Eagle programs.

Youth Program Leaders (Orange Shirts)

You’ll find them at our Youth Hubs and skateboard parks.

Water Play Leaders (Yellow Shirts)

You’ll see these staff at district Water Play sites. They provide basic supervision to ensure participants stay safe.

Leaders In Training (LIT) Volunteers (Green Shirts)

These amazing youth volunteers are gaining new skills and practicing their leadership abilities. See page 68 for more LIT information.

Coordinators (Red Shirts)

They are responsible for working with our program staff to ensure that summer programs meet City of Edmonton standards. Each program is visited by their Coordinator at least once a week, so it’s likely that you will see them talking with our staff regularly during the summer.

Staff Qualifications

Our staff have completed extensive training that will allow them to offer your child a sensational summer camp experience. All staff are qualified in First Aid/CPR and have passed a Security Clearance.

Daycamp Categories

All City of Edmonton Neighbourhood Summer Daycamps offer a variety of activities regardless of program category. Participants will always have the opportunity to engage in games, crafts, sports, imaginative play, and more! However, each category will emphasize specific activities.

ARTS AND CRAFTS

Arts and crafts experiences encourage children to use their imagination to make their own entertainment. Creating something on their own instills children with confidence in their abilities to make individual decisions and choices. Through these experiences, they are given a fantastic opportunity to express themselves in a variety of artistic mediums.

COOKING

Children of all ages benefit from cooking activities. Cooking and meal preparation experiences teach measurement, encourage children to explore their senses and entice them to try new foods. Through educating children in cooking activities and introducing them to healthy and tasty recipes, they will take pride in preparing their own food and exploring healthy meal choices.

DRAMA, DANCE, AND MUSIC

Through drama, dance, and music, children are able to discover and appreciate their own unique abilities in a variety of expressive outlets. Children will take pride in their developing skills as they get to explore and experiment with performing arts. Through expression and exploration, children are given the opportunity to grow their own self-esteem and establish a strong sense of self – while having fun!

IMAGINATIVE PLAY

Imaginative play provides children the opportunity to escape day to day routines, pretend to be someone or something else, and to explore new possibilities. It remains an integral part of the developmental learning process by allowing children to develop skills in such areas as abstract thinking, creativity, and relationship building.

SCIENCE AND NATURE

Natural environments and scientific exploration provide opportunities for social interaction, facilitate relationships, and increase mutual cooperation between children. Science play allows for children discover their own answers to everyday mysteries. In exploring the Edmonton outdoors, children will grow an appreciation for our environment and the world that will last into adulthood.

SPORTS AND FITNESS

Sports and fitness activities promote healthy growth and development, improve balance, maintain and develop flexibility, and help children to develop active living skills. Through these sorts of activities, children are able to develop physical literacy skills that will provide a foundation to being physically active for the rest of their lives. In addition, these programs provide children the opportunities to make friends and build self esteem.
