Adult Supervisors

Adult supervisors are admitted free of charge with the program in the following ratios:

- Preschool: 1 adult per 3 children
- K – Gr. 6: 1 adult per 5 children
- Gr. 7 – 12: 1 adult per 10 children

Group Size

In order to ensure program quality, the maximum number of **children** permitted in a program is 30. The maximum number of **people (including adult supervisors)** permitted in a program is 40. Groups exceeding 30 children or 40 people must book an additional program.

If a group arrives that exceeds a total of 30 children and/or 40 people, additional parents and children/siblings will be asked to pay facility admission fees and tour the facility on their own. Additional participants can re-join the group after the registered program ends.

To ensure a high quality program, we recommend that all children participating in a program be within the age range advertised for the program.

Clothing

Please prepare your students to spend time outdoors; advise them to dress appropriately for the weather. A portion of the program will be conducted outdoors. Your interpreter may allow for more indoor time during inclement weather.

Nametags

Please have your students wear name tags; this helps your interpreter acknowledge students by name.

To help us deliver the best program we can for your particular group, please inform your interpreter about students with special needs in advance of the program. These special needs may include:

- Learning Disabilities
- Physical Disabilities, including mobility issues
- Medical Concerns, including allergies

Program content and activity locations can be changed to include students with special needs.

Facility Guidelines

To ensure visitor safety and continued enjoyment, there are some rules that we ask all program participants to abide by at John Janzen Nature Centre:

- When indoors, use quiet indoor voices.

- Remain with your interpreter at all times unless otherwise noted.
- When exploring the forest around the Nature Centre, remain on the trail at all times.
- Preserve nature for other guests by not picking leaves or flowers.
- Obey boundaries set up by your interpreter during games or activities.

Tegler Discovery Zone

The Nature Centre is home to an indoor playspace called the Tegler Discovery Zone. We do not use this space during programs (with the exception of *Busy Bees and Bugs* and occasionally *Life Cycles*), but you and your students are welcome to visit this space before or after your program at no additional cost. Please note that the playspace is intended for children 3-10 years of age.

When using this space, we ask that you abide by the following rules:

- Wear socks only! No bare feet or shoes are allowed.
- No food or drink allowed.
- Children must be supervised at all times.
- Follow maximum capacity guidelines. In order to ensure visitor safety, our maximum capacity is 60 individuals inside the playspace. Once this capacity is reached, a waitlist to enter is created by our front desk staff. Please note that on busy days, you and your students may have to join a waitlist prior to entry.

The interpreter leading your program will contact you at least 48 hours prior to your field trip to confirm details with you.
