PREPARED BY: Parks & Recreation

DATE: 1990 01 10

TITLE: Statuary Policy

Policy Statement:

That all commemorative and non-commemorative statues and their location be reviewed by an Ad Hoc Committee of qualified appointees prior to City Council accepting the gift and its placement on civic property.

That when an area of civic property has been named after an individual or theme, first consideration be given to placing related statues at that site.

That the City recognize the contribution of Edmonton's past and present leaders by limiting* commemorative statues in the civic precinct to statues which are related directly to Edmonton's history, events or people (unless areas exist within the precinct which are named for individuals or themes).

*N.B. This policy is not retroactive in its application; However, recognizing the new construction and landscaping of City Hall, relocation on site will be necessary. Consultation with the architect, donor, civic administration and the aldermanic City Hall Steering Committee will determine the new placement.

The purpose of this policy is to:

To ensure that all statues accommodated on civic property are aesthetically pleasing and have some relevance or value to a large cross-section of the community.
