BRINGING OUR CITY VISION TO LIFE

BUENA VISTA/SIR WILFRID LAURIER PARK is a large dynamic park that offers a wide variety of amenities for a broad range of users. The park is important to many people across the city and your ideas about the future use and management of the park space, its amenities and the Yorath House are important to the creation of a master plan that truly reflects the vision of Edmontonians.

Tell us what this park means to you and share your ideas at a public visioning session.
