ATTENTION: Giuseppe Laudisio

Dear Mr. Laudisio:

RE: Tentative plan of subdivision to create sixteen (16) industrial lots and one (1) Public Utility lot from portion of SW-26-53-25-W4, located east of 156 Street and north of 137 Avenue; **MISTATIM INDUSTRIAL**

**I The Subdivision by Plan is APPROVED on June 20, 2013, subject to the following conditions:**

1. that the owner provide money-in-place of Municipal Reserve, in the amount of \$2,655,744.00 representing 4.48 ha. pursuant to Section 666 and Section 667 of the Municipal Government Act;
2. that the owner enter into a Servicing Agreement with the City of Edmonton pursuant to Section 655 of the Municipal Government Act;
3. that the owner prepare the necessary plans and documentation to grant new or carry forward existing easements and restrictive covenants in favour of the City of Edmonton, EPCOR Distribution and Transmission Inc., EPCOR Water Services Inc., Telus, and ATCO Gas Ltd, as required by the aforementioned agencies or shown on the engineering drawings that are deemed to be part of the Servicing Agreement;
4. that the approved subdivision File No. LDA09-0019 be registered prior to or concurrent with this application;
5. that the owner amend the subdivision boundary to include the stormwater management facility shown on the "Conditions of Approval" map, Enclosure I;
6. that the owner clear and level 156 Street, 137 Avenue and Mark Messier Trail as required for road right of way dedication to the satisfaction of Transportation Services as shown on the "Conditions of Approval" map, Enclosure I;
7. that subject to Condition 1(6), the owner dedicate road right-of-way to conform to an approved Concept Plan or to the satisfaction of the Transportation Services for 156 Street, 137 Avenue and Mark Messier Trail as shown on the "Conditions of Approval" map, Enclosure I;
8. that the owner register a freeboard restrictive covenant in the favour of the City of Edmonton to be placed on all the private lots abutting the stormwater management facility, as shown on the "Conditions of Approval" map, Enclosure I; and
9. that the owner pays all outstanding property taxes prior to the endorsement of the plan of subdivision.

**II That the Servicing Agreement required in Clause I (2) contain, among other things, the following:**

1. that the owner pay all servicing costs, assessments, roadway modification costs (including but not limited to sidewalk, shared use path and/or transit infrastructure), construction costs and inspection costs occasioned by this subdivision;
2. that the owner pay all costs specified in the Servicing Agreement prior to the endorsement of the plan of subdivision;
3. that the owner pay his proportional share of the Permanent Area Contributions and/or Lateral Sewer Oversizing applying to the area of the subdivision for the construction of permanent storm and sanitary servicing facilities;
4. that the owner pay the proportionate share of the Arterial Roadway Assessment for the construction of arterial roadways in the catchment area;
5. that the owner submit detailed engineering drawings and technical studies in accordance with the City of Edmonton Design and Construction Standards and to the satisfaction of the City Departments and affected utility agencies;
6. that the owner submits an Erosion and Sediment Control (ESC) Plan specific for this development and for implementation during and after construction in accordance with the City of Edmonton ESC Guidelines and Field Manual;
7. that the owner construct the sanitary and storm sewer servicing extensions in accordance with the servicing schemes established in the approved Mistatim Basin 6 Drainage Design Report and the Draft Mistatim Basin 6 Drainage Design Report Amendment to the satisfaction of the Financial Services and Utilities;
8. that engineering drawings include the complete design and construction of the ultimate Mistatim Basin 6 stormwater management facility to the satisfaction of Financial Services and Utilities;
9. that the engineering drawings include the upgrading of the east half of 156 Street to an arterial roadway standard, as shown on the "Conditions of Approval" map, Enclosure I to the satisfaction of Transportation Services;
10. that engineering drawings include the construction of the southbound left turn bay and northbound right turn bay on 156 Street at the proposed 145 Avenue, of the eastbound left turn bay and a westbound right turn bay on 137 Avenue at the proposed 149 Street and a south bound left turn bay and the north bound right turn bay on Mark Messier Trail at the proposed 145 Avenue intersection as shown on the "Conditions of Approval" map, Enclosure I to the satisfaction of Transportation Services;
11. that the engineering drawings include construction of curb return access points in the locations as shown on the "Conditions of Approval" map, Enclosure I, to the satisfaction of Transportation Services as follows;
12. that the owner pay for 100% of installation of traffic signals at the intersection of the Mark Messier Trail and proposed 145 Avenue , as shown on the Enclosure. The City of Edmonton shall complete the signal design, and the City's Electrical Services Contractor must install the signal as per the agreement between the City of Edmonton and the Electrical Services Contractor. The timing of the traffic signal installation will be at the discretion and direction of Transportation Services. If traffic signals are not deemed warranted by the Transportation Services within 5 years of the signing of the Servicing Agreement, the owner will be required to provide payment to the City of Edmonton for the estimated cost at that time to fulfill this obligation;

13. that the owner pay to upgrade the existing 137 Avenue/149 Street traffic signal to accommodate the addition of the north leg of the intersection as shown on the "Conditions of Approval" map, Enclosure I to the satisfaction of Transportation Services;
14. that the engineering drawings include a shared use paths on the east side of 156 Street and west side of Mark Messier Trail as shown on the "Conditions of Approval" map, Enclosure I to the satisfaction of Transportation Services;
15. that the engineering drawings include the water infrastructure required under Mistatim Stage 8A and Mistatim Industrial Stage 13 before or in conjunction with the proposed development to the satisfaction of EPCOR Water;
16. that the engineering drawings include water main looping to the satisfaction of EPCOR Water;
17. that the engineering drawings include replacement of the aerial power lines on 137 Avenue with underground power lines to the satisfaction of EPCOR Transmission and Distribution.
18. that the owner construct all fences wholly on privately owned lands to the satisfaction of Financial Services and Utilities and Sustainable Development, as shown on the "Conditions of Approval" map, Enclosure I; and
19. that the owner is responsible for the design, landscaping and construction within the Public Utility lot, utility rights-of-way, road islands, boulevards, medians, walkways, and Municipal Reserve parcels, to the satisfaction of Financial Services and Utilities, Transportation Services and Sustainable Development.

Enclosure I is a map of the subdivision identifying major conditions of approval.

All MR is being taken as money-in place of land. The amount of money in place may vary depending on the arterial roadway dedication .

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, Office of the City Clerk, 3rd Floor, City Hall, 1 Sir Winston Churchill Square, Edmonton, Alberta, T5J 2R7 within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be five days from the date the decision is mailed.

If you have further questions, please call Mr. Don Read, at 780-496-3633 or write to:

File No. LDA12-0060

Stantec Consulting Ltd.  
10160 - 112 Street  
Edmonton, AB T5K 2L6

ATTENTION: Scott Cole

Dear Mr. Cole:

RE: Tentative plan of subdivision to create 61 single detached residential lots, 50 semi-detached residential lots, 26 row housing residential lots, two (2) multiple family residential lots, one (1) Public Utility lot, one (1) Municipal Reserve lot, and one (1) Environmental Reserve lot from Lot 1, Block 3, Plan 132 0711 and NW 24-51-25-4, located east of 141 Street SW south of Ellerslie Road SW; **GRAYDON HILL**

**I The Subdivision by Plan is APPROVED on June 20, 2013, subject to the following conditions:**

1. that the owner dedicate Environmental Reserve as a 3.23 ha lot pursuant to Section 664 of the Municipal Government Act as shown on the "Conditions of Approval" map, Enclosure I;
2. that the owner dedicate Municipal Reserve as a 1.25 ha lot, pursuant to Section 666 of the Municipal Government Act, as shown on the "Conditions of Approval" map, Enclosure I;
3. that the owner enter into a Servicing Agreement with the City of Edmonton pursuant to Section 655 of the Municipal Government Act;
4. that the owner prepare the necessary plans and documentation to grant new or carry forward existing easements and restrictive covenants in favour of the City of Edmonton, EPCOR Distribution and Transmission Inc., EPCOR Water Services Inc., and ATCO Gas Ltd., as required by the aforementioned agencies or shown on the engineering drawings that are deemed to be part of the Servicing Agreement;
5. that the owner register a top-of-bank restrictive covenant in favour of the City of Edmonton against the lots backing onto the ER, as shown on the "Conditions of Approval" map, Enclosure I;
6. that the owner register a freeboard restrictive covenant in favour of the City of Edmonton against the lots backing onto the PUL, as shown on the "Conditions of Approval" map, Enclosure I;
7. that the owner register a restrictive covenant in favour of the City of Edmonton against the lots backing onto the berm and fence, as shown on the "Conditions of Approval" map, Enclosure I, to protect the integrity of the berm;
8. that the owner dedicate road right-of-way to conform to an approved six lane Concept Plan for Ellerslie Road SW, to the satisfaction of Transportation Services, as shown on the "Conditions of Approval" map, Enclosure I;

9. that, subject to condition I.8., the owner clear and level Ellerslie Road SW as required for road right-of-way dedication to the satisfaction of Transportation Services;
10. that the owner register the walkway and the land between the local roadway and the Environmental Reserve lot as legal road rights-of-way, as shown on the "Conditions of Approval" map, Enclosure I;
11. that the owner register an easement on the Certificate(s) of Title for all affected parcels, or that road right-of-way be dedicated on the adjacent private properties to facilitate construction of Ellerslie Road, as shown on the "Conditions of Approval" map, Enclosure II; and
12. that the owner pay all outstanding property taxes prior to the endorsement of the plan of subdivision.

**II That the Servicing Agreement required in Clause I (3) contain, among other things, the following:**

1. that the owner pay all servicing costs, assessments, roadway modification costs (including but not limited to sidewalk, shared use path and/or transit infrastructure), construction costs and inspection costs occasioned by this subdivision;
2. that the owner pay all costs specified in the Servicing Agreement prior to endorsement of the plan of subdivision;
3. that the owner pay the proportionate share of the Permanent Area Contributions and/or lateral Sewer Oversizing Charges for the construction of permanent storm and sanitary drainage facilities in the basin;
4. that the owner pay the proportionate share of the Arterial Roadway Assessment for the construction of arterial roadways in the catchment area;
5. that the owner submit detailed engineering drawings and technical studies in accordance with the City of Edmonton Design and Construction Standards and to the satisfaction of the City Departments and affected utility agencies;
6. that the owner submit an Erosion and Sediment Control (ESC) Plan specific for this development and for implementation during and after construction in accordance with the City of Edmonton ESC Guidelines and Field Manual;
7. that the owner enter into a Commercial Services Contract with EPCOR Water Services for the flushing of the mains. This contract will be required prior to CCC (or at the discretion of EPCOR Water Services);
8. that the engineering drawings include the required water main connections, to the satisfaction of EPCOR Water Services, as shown on the "Conditions of Approval" map, Enclosure II;
9. that owner construct the stormwater management facility to its ultimate design, to the satisfaction of Financial Services and Utilities, as shown on the "Conditions of Approval" map, Enclosure I;
10. that a Noise Study be provided to confirm the noise attenuation required adjacent to Ellerslie Road SW, in accordance with the City of Edmonton's Urban Traffic Noise Policy, and that the owner construct noise attenuation in accordance with the requirements outlined in the Noise Study, to the satisfaction of Transportation Services. The owner must construct, at a minimum, a 1 m berm and a 1.8 m noise

attenuation fence as per the City of Edmonton Roadway Design and Construction Standards Drawing No. 5205, within residential property lines for all lots backing onto Ellerslie Road SW, as shown on as shown on the "Conditions of Approval" map, Enclosure I, to the satisfaction of Transportation Services;

11. that the engineering drawings include the construction of the first two lanes of Ellerslie Road SW to an urban arterial roadway standard, from 141 Street SW to east of 127 Street SW, including channelization, accesses, intersections, shared use paths, sidewalks, lighting, landscaping and any transitional improvements, as shown on the "Conditions of Approval" map, Enclosure II. Upgrades to the intersections of both Ellerslie Road SW and 127 Street SW and Ellerslie Road SW and 141 Street SW are also required. Preliminary plans are required to be approved for Ellerslie Road SW prior to the approval of engineering drawings for arterial construction and subdivision, to the satisfaction of Transportation Services;
12. that the engineering drawings include temporary upgrades to Ellerslie Road SW to allow for a temporary roadway connection in advance of permanent upgrades to Ellerslie Road SW, as shown on the "Conditions of Approval" map, Enclosure II. Temporary upgrades must include a westbound left turn bay, to the satisfaction of Transportation Services;
13. that the engineering drawings include a temporary offset 17 m radius asphalt turnaround with bollards or mini-barriers to the satisfaction of Transportation Services, as shown on the "Conditions of Approval" map, Enclosure I. The turnaround will be require a gravel surface prior to CCC and an asphalt surface prior to FAC (or at the discretion of Transportation Services);
14. that the owner construct a temporary 12 m radius gravel turnaround with bollards or mini-barriers to the satisfaction of Transportation Services, as shown on the "Conditions of Approval" map, Enclosure I. The turnaround will be required prior to CCC (or at the discretion of Transportation Services);
15. that the owner pay for the installation of traffic signals at the intersection of Ellerslie Road SW and Graydon Hill Boulevard, as shown on the "Conditions of Approval" map, Enclosure I. The City of Edmonton shall complete the signal design and the City's Electrical Services Contractor must install the signal as per the agreement between the City of Edmonton and the Electrical Services Contractor. The timing of the traffic signal installation will be at the discretion and direction of Transportation Services. If traffic signals are not deemed warranted by Transportation Services within 5 years of the signing of the Servicing Agreement, the owner will be required to provide payment to the City of Edmonton for the installation of traffic signals at that time to fulfill this obligation;
16. that the owner construct a 3 m hard-surface shared use path with dividing yellow centerline and "Shared Use" signage, bollards and lighting, to the satisfaction of Transportation Services, as shown on the "Conditions of Approval" map, Enclosure I. The shared use path must be designed at a 30 kph design speed as per TAC guidelines including appropriate offsets. The alignment of the shared use path as it approaches Ellerslie Road SW may be incorporated into the cross section of the roadway, as shown on the "Conditions of Approval" map, Enclosure I. Should grade differences between the top of bank setback area and Ellerslie Road SW result in the shared use path having to extend outside the Top of Bank setback area;

17. that the owner construct a 1.5 m concrete sidewalk with bollards and lighting, to the satisfaction of Transportation Services, as shown on the "Conditions of Approval" map, Enclosure I;
18. that the owner construct a zebra marked crosswalk with curb ramps and pedestrian signage, to the satisfaction of Transportation Services, as shown on the "Conditions of Approval" map, Enclosure I;
19. that the owner construct all fences positioned wholly on privately-owned lands, the exception of the post and rail fence on the MR lot, to the satisfaction of Financial Services and Utilities, Transportation Services, and Sustainable Development, as shown on the "Conditions of Approval" map, Enclosure I; and
20. that the owner is responsible for the design, landscaping and construction within the public utility lots, utility rights-of-way, road islands, boulevards, medians, walkways, and Municipal Reserve parcels, to the satisfaction of Financial Services and Utilities, Transportation Services, and Sustainable Development.

Enclosures I is a map of the subdivision identifying major conditions of this approval.

The existing Deferred Reserve Caveat (DRC) for Lot 1, Block 3, Plan 132 0711 shall be reduced to create this subdivision's MR lot and a portion of the ER lot, with the remainder carrying forward on title. The existing DRC for NW 24-51-25-4 shall be reduced to create a portion of the ER lot and the remainder shall carry forward on title.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 – 103 Avenue, Edmonton AB T5J 0G9, Office of the City Clerk, 3rd Floor, City Hall, 1 Sir Winston Churchill Square, Edmonton, Alberta, T5J 2R7 within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be five days from the date the decision is mailed.

RE: Tentative Plan of subdivision to create two (2) commercial lots, from SW 28-51-24-4, located north of Ellerslie Road SW and east of 101 Street SW; **ELLERSLIE**

---

**I The Subdivision by Plan is APPROVED on June 20, 2013 subject to the following conditions:**

1. that the owner enter into a Servicing Agreement with the City of Edmonton pursuant to Section 655 of the Municipal Government Act;
2. that the owner prepare the necessary plans and documentation to grant new or carry forward existing easements and restrictive covenants in favour of the City of Edmonton, EPCOR Distribution and Transmission Inc., EPCOR Water Services Inc., and ATCO Gas Ltd., as required by the aforementioned agencies or as shown on the engineering drawings that are deemed to be part of the Servicing Agreement;
3. that the approved subdivision LDA10-0388 be registered prior to or concurrent with this application;
4. that the owner prepare a freeboard restrictive covenant in favour of the City of Edmonton that will be registered against the proposed lots backing or flanking onto the stormwater management pond, as shown on the "Conditions of Approval" map, Enclosure I, to the satisfaction of Financial Services and Utilities; and
5. that the owner pay all outstanding property taxes prior to the endorsement of the plan of subdivision.

**II That the Servicing Agreement required in Clause I (1) contain, among other things, the following:**

1. that the owner pay all servicing costs, assessments, roadway modification costs (including but not limited to sidewalk, shared use path, and/or transit infrastructure), construction costs, and inspection costs occasioned by this subdivision;
2. that the owner pay all costs specified in the Servicing Agreement prior to the endorsement of the plan of subdivision;
3. that the owner pay the proportionate share of Permanent Area Contributions and other assessments applicable to the subdivision area for the construction of permanent storm and sanitary drainage facilities;

4. that the owner pay the proportionate share of the Arterial Roadway Assessment for the construction of arterial roadways in the catchment area;
5. that the owner submit detailed engineering drawings and technical studies in accordance with the City of Edmonton Design and Construction Standards and to the satisfaction of the City Departments and affected utility agencies;
6. that the owner submit an Erosion and Sediment Control (ESC) Plan specific for this development and for implementation during and after construction in accordance with the City of Edmonton ESC Guidelines and Field Manual;
7. that the engineering drawings include the construction of a 12 m radius gravel surface temporary turnaround with bollards or minibarriers in the location as shown on the "Conditions of Approval" map, Enclosure I, to the satisfaction of Transportation Services. This turnaround will be required prior to CCC, or at the discretion and direction of Transportation Services;
8. that the engineering drawings include the ultimate stormwater management facilities, and the interconnecting pipe between these facilities, control manhole and outfall structure into the TUC, in the locations as shown on the "Conditions of Approval" map, Enclosure I, to the satisfaction of Financial Services and Utilities;
9. that the engineering drawings include a 300 mm water main extension to connect to the 450 mm water main on Parsons Road in the location shown on the "Conditions of Approval" map, Enclosure I, to the satisfaction of EPCOR Water;
10. that the owner construct all fences, positioned wholly on privately owned land in the locations as shown on the "Conditions of Approval" map, Enclosure I, to the satisfaction of the Transportation Services, Financial Services and Utilities, and Sustainable Development; and
11. that the owner be responsible for the design, landscaping and construction within the public utility lots, utility rights of way, road islands, boulevards, medians, walkways, and Municipal Reserve parcels to the satisfaction of Transportation Services and Sustainable Development.

Enclosure I is a map of the subdivision identifying major conditions of this approval.

There is no Municipal Reserve owing on the titled area. Municipal Reserve was paid as cash-in-place with LDA07-0340.

As per the traffic assessment provided with LDA10-0388, one access point to Ellerslie Road SW via 100 Street will serve approximately 390,000 ft<sup>2</sup> of commercial development or 1,500 employees. The owner will be required to construct a second access to Parsons Road with any commercial developments in excess of 390,000 ft<sup>2</sup>.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 – 103 Avenue, Edmonton AB T5J 0G9, Office of the City Clerk, 3rd Floor, City Hall, 1 Sir Winston Churchill Square, Edmonton, Alberta, T5J 2R7 within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be five days from the date the decision is mailed.
