Development of the centre..1

Proposed features.....2

Next Steps.....3

“The North Central Community Recreation Centre will be a multi-purpose recreation facility; envisioned to be a dynamic space, full of energy and activity.

A place where people of all ages can gather to learn, exercise, relax, meet and enjoy their neighbours and community.”

Development of the centre

The North Central Community Recreation Centre (NCCRC) is a short term priority identified in the Recreation Facility Master plan, which was approved by City Council in 2004.

A Site Master Plan has been completed for the Community Recreation Centre on the Joe Clarke Athletic Grounds along with a Parking & Traffic Assessment and an infrastructure Assessment.

On March 12th, 2008 City Council approved funding to complete the concept design for the Community Recreation Centre and the business plan.

Over the next year, public consultations will be conducted to support the development process, and to provide input and feedback on the plans.

Proposed features for fitness... and more!

Indoor Features

- Gymnasium
- Aquatic Leisure Facility
- Fitness Centre
- Multi-purpose area
- Family Resource Centre including child minding and indoor child play area

Outdoor Features

- Commonwealth Stadium

Aquatic Leisure Facility

Next Steps – keeping the momentum going

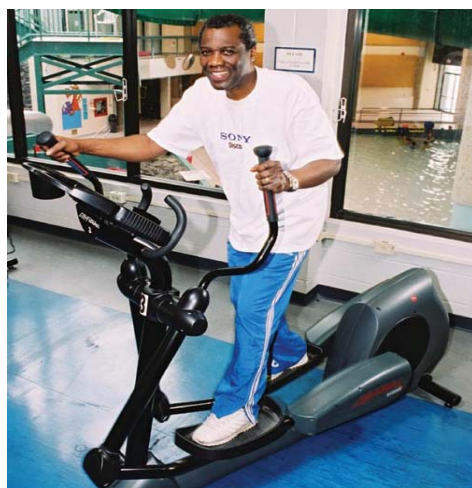

Gymnasium

The next steps for NCCRC are:

1. Create advisory committee
2. Develop business plan and conceptual design
3. Review by Edmonton Design Committee and public and stakeholder consultation
4. Seek City Council's approval of capital funds for design development & construction
5. Develop the detailed design
6. Commence construction
7. Grand opening

Fitness Centre
