# An Urban Beach at Louise McKinney Park

TRANSFORMING | EDMONTON

BRINGING OUR CITY VISION TO LIFE

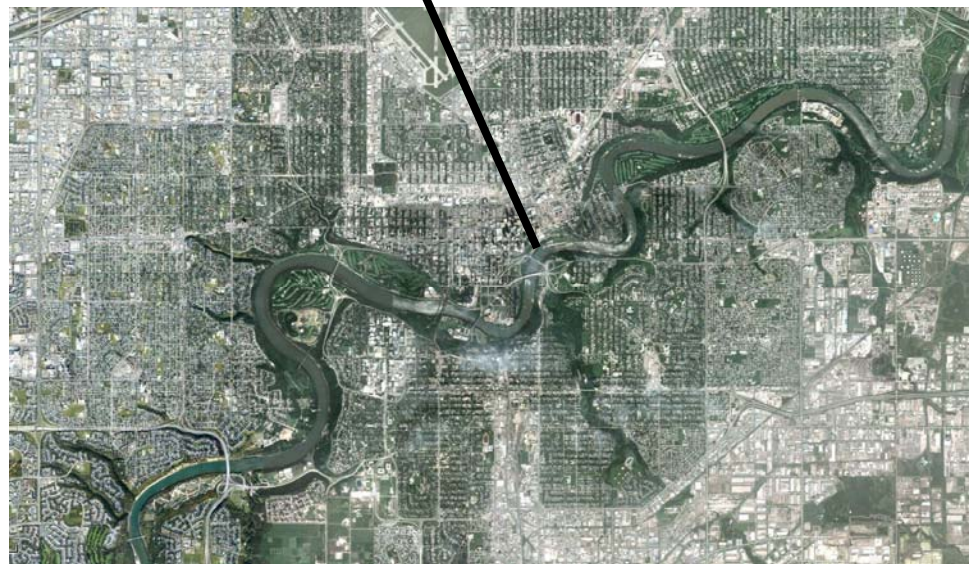

## What is an urban beach?

- a space that simulates a natural public beach through the use of sand, umbrellas and seating elements
- does not include swimming or access into a water body

## Why a beach at Louise McKinney Park?

- good location adjacent to downtown
- year round sun exposure
- 500 metres of unobstructed river views
- a unique amenity to central Edmonton offering possibilities for year-round activities
