

URBAN HEN PILOT PROJECT – APPLICATION FORM

Name:

Home address (including postal code):

Phone number(s): (1) (2) (3)

Email address:

I would like to keep (up to 8) hens in my backyard as part of the Urban Hen Pilot Project

I currently live on a residential property in the City of Edmonton

There is enough space in my backyard to ensure a minimum of 4 ft² for each hen and a minimum of 10ft² of roofed space to run.

I own or have access to hens and the required equipment including (but not limited to) a weather and predator-proof coop.

I understand that no products from the hens may be sold including (but not limited to) eggs, meat and fertilizer.

I understand that pilot participants shall adhere to good management and husbandry practices and maintain hens in such a condition so as to prevent distress, disease and welfare issues.

I understand that pilot participants shall make themselves and the site available for inspection on reasonable request of Animal Control Peace Officers.

I understand that participants approved for the pilot will be granted a term permission for the duration of the Pilot and agree that the permission granted is temporary. A provisional plan will need to be in place for removal of the hens prior to the pilot ending.

I understand that all costs and associated expenditures relating to the pilot or participation are the sole responsibility of the participant.

I understand that residents must comply with any Federal and Provincial law or regulations around the keeping of hens including (but not limited to) registering the flock into a provincial database and obtaining a Premises Identification (PID) number.

I understand that as a participant I am required to complete surveys, interviews, inspections and any other reporting and analysis methods requested in connection with the pilot.

I understand that I will need written consent to keep hens in my backyard from a representative of each adjacent neighbouring residential property.

By checking this box I declare that the information in this application form is correct and complete to the best of my knowledge. I understand that false information given will result in the denial of my application for the Urban Hen Pilot Project.
