Thank you for your interest in the Commemorative Tree Program administered by City of Edmonton. Your gift in tribute of an individual or event will provide a lasting legacy for future generations.

The City offers a selection of hardy trees for planting in selected park sites from May through October. These include shade, evergreen and flowering trees. A donation of \$1,600 includes cost of selected tree, a bronze plaque, and tree maintenance. Additional information and applications are available on the City of Edmonton website:

http://www.edmonton.ca/programs_services/tribute_honour/commemorative-trees.aspx

To begin planning your tribute, please return your completed order form to:

Commemorative Tree Program Information

Thank you for your interest in the greening of our city! The City of Edmonton Commemorative Tree Program allows citizens to pay tribute to a person or occasion by purchasing the installation of a tree in a public park or cemetery. The following information provides more details about the program:

- The scope of the program can include any special event. Examples include: births, weddings, anniversaries, graduations, memorials, etc.
- Locations for planting may include all City and District level parks with the approval from an Urban Planner. Neighbourhood parks, ornamental areas and community league sites may also be considered if requested but may not receive regular maintenance. Please note that Hawrelak Park and Louise McKinney Park are currently closed for planting Commemorative trees.
- A City of Edmonton urban forester will assist you with:
 - Determining the site location in the chosen park
 - Determining if your choice of tree is appropriate for the location
 - Obtain approvals
- The City of Edmonton will provide a one time production and installation a 7.5cm x 15 cm bronze plaque on a granite pedestal
- Planting generally occurs in the spring and the fall however we will try to accommodate special requests
- The City of Edmonton will manage any subsequent replacement and maintenance of trees supplied and installed by the City
- Price is subject to periodic revision to reflect current costing

SUGGESTED COMMEMORATIVE TREE PLANTING SPECIES SELECTION LIST – EVERGREENS

Lodgepole Pine

Commemorate with Alberta's Provincial tree! Very open branching with green yellow needles. Grows to a mature size of 20m (66') tall and 4m (13') wide. Native to Alberta.

Ponderosa Pine

Large, soft, dark green needles on cinnamon bark gives distinction to this pyramidal evergreen. Excellent choice for large areas. Grows to a mature size of 15m (50') tall by 6m (20') wide. (See picture right).

Swiss Stone Pine

Extremely attractive, slow growing evergreen with a pyramidal shape. Grows to a mature size of 12m (40') tall by 5m (18') wide. Beautiful long, soft needles.

Scots Pine

Attractive cinnamon brown bark contrasts with deep green needles. Grows to a size of 12 to 14m (40' to 50') tall and 7 to 9m (23' to 30') wide. Sprawling branches create drama in the landscape. (See picture on the left)

Colorado Spruce

Tall pyramidal evergreen with needles colour ranging from silvery blue to bright green. Grows to a size of 12m (40') tall by 5m (18') wide. Traditional, strong and drought tolerant. (See picture on the right).

SUGGESTED COMMEMORATIVE TREE PLANTING SPECIES SELECTION LIST – DECIDUOUS (LEAFY)

American Linden

A large shade tree with butter yellow flowers, lush green leaves and attractive golden fall colour. Grows to a mature size of 20m (66') tall by 15m (50') wide. Excellent shade tree for a park.

Amur Cherry

Elegant bronze bark holds a dense, rounded canopy. Profuse panicles of white flowers in spring, dark purple berries in late summer, and yellow colour in fall. Grows to a mature size of 9m (30') by 7m (23') wide. (See picture on the left).

Burr Oak

Large, slow growing tree that symbolizes strength. Large, lobed leaves turn bronze in the fall. Grows to a mature size of over 20m (65') tall by 18m (60') wide. (See picture on the right).

Hawthorn (Toba, Snowbird)

Small ornamental tree with glossy green leaves that turn yellow in the fall. Double flowers open white and, depending on the Hawthorn chosen, mature to pink. Grows to a mature size of 5m (16') tall by 4m (13') wide.

Japanese Tree Lilac

Lush green leaves densely envelop the oval canopy of this tree. Traditional white lilac flowers bloom late in spring when other trees are finished flowering. Grows to a mature size of 5m (18') tall by 3m (12') wide.

Spring Snow Flowering Crabapple

Adorable, rounded tree that resembles cotton batting in spring due to the copious white flowers throughout the canopy. This tree produces no fruit. Glossy green leaves give way to yellow in fall. Grows to a mature size of 8m (26') tall by 5m (16') wide.

Thunderchild Crabapple

A small, upright tree with purple tinged foliage. Abundant bubble gum pink flowers in spring followed by red ornamental fruit in the summer. Foliage turns various shades of yellow and red in the fall. Grows to a mature size of 5m (16') tall by 4m (13') wide. A beautiful specimen.
