

Non-wheeled Waste Bin Enclosure Configurations (Typically for 12 dwellings or greater)

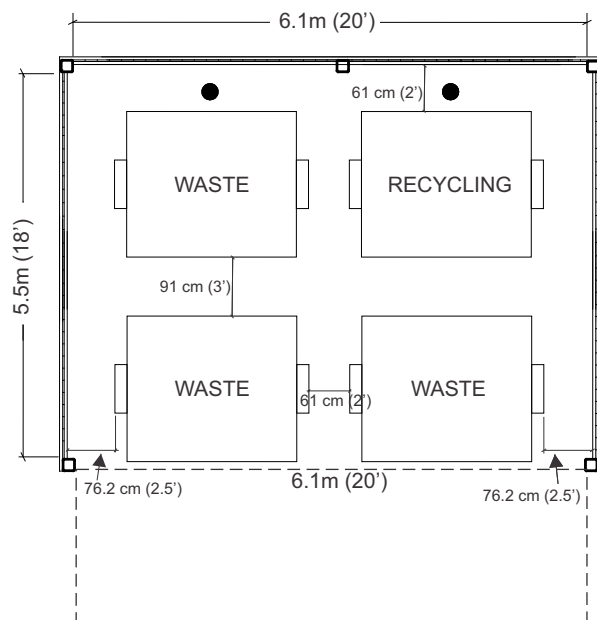

Note - Measurements denote internal working space

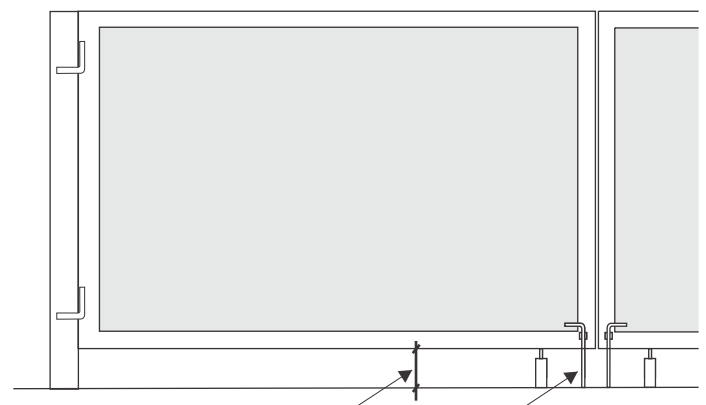

Reinforced Concrete Tip Apron
20-30cm (8"-12") Thick (Recommended)

Note - the City will not be responsible for any damage to roads or infrastructure on a private site resulting from legitimate operation of waste collection vehicles during waste collection activity at that private site. (source: *Waste Management Bylaw 13777*)

Gates (Optional - Not Preferred)

Gates

Door/gate latches should be easily manageable by waste collectors even while wearing mitts

Note - drawings are not to scale

In case of any conflict between information expressed in Metric and Imperial units, Metric shall govern.
