

Active Edmonton

Active Edmonton is a great place to turn for all things “active”. Resources, web links, and contests! Get Up, Get Out, Get Active and make Edmonton Canada’s most active city.

Our aim?

To build awareness and to encourage Edmontonians to value and participate regularly in physical activity.

The Benefits of Walking

Walking . . . a healthy journey!

Ranked the number one activity of choice among Canadians, walking is a prescription for improved health and wellness. Walk briskly for 30 minutes a day, 5 days a week, and minimize your risk for cardiovascular disease, stroke, type 2 diabetes, and some types of cancer. Additional benefits include: weight management, blood pressure control, and boosting good cholesterol (HDL’s).

Other benefits of walking:

- Releases the body’s tension and stress.
- Refreshes the mind and body especially when walking outdoors.
- Allows you to connect with your community.
- Offers an excellent way to socialize with family and/or friends.
- Increases “eyes on the street”, enhancing community safety.

Walking is an easy activity to do, costs very little money and the benefits to health, fitness, and mental well-being are priceless!

Here are some tips to keep you on track:

- For starters, take a leisurely walk around your block. Slowly increase your walking time by 5 – 10 minutes a day until you are walking for 30 minutes. A duration of 30 minutes a day is what you’re after but don’t stop there! Once in a while, go for a 45 – 60 minute walk.
- Walking with a buddy can be very motivating.
- Gear up with loose clothing and proper walking shoes. Comfort is key.
- Walking to a destination — grocery store, mailbox, school, etc. is a way to fill your walking prescription of 30 minutes per day.

There are 1,440 minutes in a day, schedule 30 of them for walking!
