

The background of the slide is a composite image. On the left, there's a view of a city skyline at night with lights reflecting on water. In the center, a large bridge with many cables is visible. On the right, two workers in safety gear are working in a trench, handling a large pipe. The entire image has a blue and green color overlay.

# Drainage Services

## Cloverdale Flooding Information Session – July 11/13

# Why an information session?

- Listen to residents
- Provide avenue for exchange of information
- Discuss what Drainage Services is prepared to do

# What happened

## Combination of two events

- High river levels
- Rainfall event

**Drainage Services**  
Financial Services & Utilities

# Next Steps

- Review Protocols
- Identify and investigate alternatives to reduce risk of occurrence
