

Little Italy

Giovanni Caboto Park is located in the heart of Little Italy on 95th Street. The park provides recreational opportunities and a public green space for the neighbourhood. Built in 1913, Caboto Park now features a recently installed splash park and modernized play area. In the park sits a statue of Frank Spinelli, who opened the Italian Centre Shop in 1959. Caboto Park and its surrounding area hosts numerous festivals and events throughout the year designed to celebrate the neighbourhood. These include the Winter Lights Festival in February, the Heart of the City festival in June, and the East Meets West event in late August.

At the East end of McCauley is the site of Commonwealth Stadium, built to host the 1978 Commonwealth Games. The stadium is located adjacent to the existing Clarke Stadium which opened in 1938. Commonwealth has hosted many major events including the IAAF World Championships (2001), The Rolling Stones, CFL Grey Cup and the 1st regular-season outdoor NHL hockey game, the Heritage Classic (2003).

The Commonwealth Community Recreation Centre includes an aquatic centre with a lane pool, leisure and tot pool, whirlpool, steam room and waterslide, a field house with artificial turf, a fitness centre, jogging track, and a number of multi-purpose program rooms.

McCauley residents say they "...are proud of McCauley as a vibrant, safe, colourful ,and diverse neighbourhood. We embrace ideals of community connectedness and vitality for all those who walk our sidewalks, reside in our homes, work and shop in our businesses, and are cared for in our neighbourhood."

Welcome to the neighbourhood!
Enjoy your stay!

The Benefits of Walking

Walking... a healthy journey!

Ranked the number one activity of choice among Canadians, walking is a prescription for improved health and wellness. Walk briskly for 30 minutes a day, 5 days a week, and minimize your risk for cardiovascular disease, stroke, Type 2 diabetes and some types of cancer. Additional benefits include weight management, blood pressure control and boosting good cholesterol (HDLs).

Other benefits of walking:

- Releases the body’s tension and stress.
- Refreshes the mind and body, especially when walking outdoors.
- Allows you to connect with your community.
- Offers an excellent way to socialize with family and/or friends.
- Increases “eyes on the street”, enhancing community safety.

Walking with your Dog 🐕

Edmonton has over 40 locations where you can enjoy your walk while your dog is off-leash. Please remember that all sites where dogs are permitted to be off-leash are multi-use areas used by all. Your dog must be leashed when not in a designated off-leash area. The dog icons shown on this map are placed in the approximate location of each off-leash area, but do not show the precise boundaries. For more information, including details on off-leash boundaries, check the Parks for Paws Brochure or go to edmonton.ca (keyword off-leash)

There are 1,440 minutes in a day,
schedule 30 of them for walking!

Walk Edmonton

Walk Edmonton is an initiative bringing Edmontonians

together to build a more walkable community by providing

grass roots resources and building civic support. Check out

our website for links to other walking resources, maps,

walking groups and places to walk in Edmonton.

About the Community Walking Maps

This Community Walking Map is part of a series of walking

guides. Each map is created as a joint project of Walk

Edmonton and local Community groups to promote

walkable communities. Contact us to find out if your

community has an edition of this map series or to find out

more about creating a map.
