The Benefits of Walking

Walking... a healthy journey!

Ranked the number one activity of choice among Canadians, walking is a prescription for improved health and wellness. Walk briskly for 30 minutes a day, 5 days a week, and minimize your risk for cardiovascular disease, stroke, Type 2 diabetes and some types of cancer. Additional benefits include weight management, blood pressure control and boosting good cholesterol (HDLs).

Other benefits of walking:

- Releases the body's tension and stress.
- Refreshes the mind and body, especially when walking outdoors.
- Allows you to connect with your community.
- Offers an excellent way to socialize with family and/or friends.
- Increases "eyes on the street", enhancing community safety.

Walking with your Dog

Edmonton has over 40 locations where you can enjoy your walk while your dog is off-leash. Please remember that all sites where dogs are permitted to be off-leash are multi-use areas used by all. Your dog must be leashed when not in a designated off-leash area. The dog icons show on this map are placed in the approximate location of each off-leash area, but do not show the precise boundaries. For more information, including details on off-leash boundaries, check the Parks for Paws Brochure or go to edmonton.ca (keyword off-leash)

**There are 1,440 minutes in a day,
schedule 30 of them for walking!**

Drive. It is home to Eastglen High School; the Eastglen Leisure Centre, which has one of the few salt-water pools in the city; and the oldest curling club in Edmonton, the Thisle. Notable sites in Virginia Park include Concordia University College, founded in 1921 by the Lutheran Church, and a major senior citizens lodge/apartment building.

Northlands, the site of Edmonton's agricultural fair established in 1879 (now called FarmFair and a part of the annual K-Days event), is located in this part of the city. Northlands also hosts Edmonton Oilers hockey games, major concerts and large trade shows, and is home to one of Canada's most successful horse racing tracks.

Another important landmark in the area is the beautiful and historic Borden Park, which has been attracting people since 1906 for picnics, play, swimming excursions — and in the early years even included an amusement park and a zoo!

The Highlands community contains about three dozen heritage homes built between 1912 and 1930, sites by the City of Edmonton or the Province of Alberta. Other community landmarks include the Highlands United Church, Highlands Junior High School, Highlands Lawn Bowling Club and the Highlands Golf Club. The 1912 apartment hotel that is now La Bohème Restaurant/B&B is part of the 112 Avenue Highlands shopping district, which includes Mandolin Books and Coffee, a popular gathering place.

The two small communities of Bellevue and Virginia Park are neighbours to Northlands and Borden Park. Bellevue, established in 1907, is now bisected by Wayne Gretzky
