

Welcome

**Before you enter, please read
the swimming pool rules.**

Ensure you and your family have a safe and enjoyable swimming experience!

We're All in This Together

The City of Edmonton logo, featuring the word "Edmonton" in a stylized font with "THE CITY OF" in smaller text above it.

Swimming Pool Rules

There must be one parent or responsible person 15 years or older to supervise every 3 children under age 8 in the pool or pool area. Children who are not supervised will not be allowed in the pool area.

Parents or caregivers must keep children under 8 years of age within arms reach at all times.

Know where the deep areas are. If you can't swim, stay in shallow water.

Wear a lifejacket if you don't swim well. You can find lifejackets to use at all City of Edmonton swimming pools for free.

Intoxicated people (drunk, high on drugs) are not allowed in the building. Use of alcohol and/or drugs is not allowed.

For your safety, only stay in the steam room, sauna or whirlpool up to 10 minutes at a time. If you have medical problems or are pregnant consult a doctor before using the pool, steam room, sauna or whirlpool.

If you have medical problems (heart condition, epilepsy, etc) tell a lifeguard before you enter the water.

If you see someone in trouble tell a lifeguard or staff member immediately.

Do not swim if you have a communicable disease, were sick, or had diarrhea in the last two weeks.

Children 6 years and older must use the correct locker rooms for their gender (male or female).

If you must bring valuables such as wallets or keys, you can keep them safe in small lockers in the entrance areas for free.

It is illegal to take photographs in change rooms and washrooms.

Abusive, dangerous or criminal behavior will not be tolerated. Anyone not following the rules will be required to leave.

For more information, or if you have any questions, please talk to one of our facility staff.
