TITLE: Edmonton Transit System Fare Policy

Policy Statement:

Bylaw 8353 requires individuals to pay a fare and show proof of payment when using transit services delivered by the Edmonton Transit System. The fare structure establishes the payment options and fees to be paid by transit users.

- A multi-year transit fare structure shall be included and approved as part of the budget submission as per the City's Multi-year Budgeting Policy.

The purpose of this policy is to:

Provide an opportunity for City Council to direct Administration in implementing a transit fare structure with a multi-year strategic focus.

Provide transparency and consistency to citizens regarding the setting of transit fares and the tax levy impacts.
