April 26, 2011

118 Avenue Streetscape (78 Street - 82 Street)
and Associated Side Streets

As part of the 2011 construction program, the City of Edmonton, Capital Construction Department will be involved in construction at the above location.

Construction is scheduled to commence on or about April 25, 2011 and will be completed by October 21, 2010.

Scope of Work:

- Concrete curb, gutter, sidewalk and curb ramp replacement
- Roadway reconstruction including total removal and replacement of the existing roadway
- Removal of trolley poles, installation of new street light poles and decorative pedestrian level lighting
- Streetscape components include coloured patterned asphalt, paving stone crosswalk channels, new trees including tree grates, landscaping, and poster kiosks
- Installation of water, gas, and storm utilities
- Relocation of hydrants, gas lines and catch basins

Reconstruction of the roadways will be completed once the new walks have been installed on both sides of the street. Once side streets work is complete, 118 Ave work will commence. Please note that carry-over work will be taking place between 92 Street and 97 Street in coordination with this project.

Access:

During the scheduled construction period, traffic may be restricted to one direction only and/or one lane in each direction at various times within the project limits.

Please note that parking will not be permitted in signed areas. Businesses and residences are encouraged to find alternate temporary parking areas during construction.

Access to businesses and residences shall be maintained at all times.

If you have special access requirements, such as DATS, please advise one of the contact persons listed below.

Please retain this bulletin for contact information.

The affected location(s) are shown on the reverse side of this bulletin.
