

In October 2011, Edmonton City Council moved:

- Initiate the process to open 75 Street to truck traffic between 90 Avenue and 98 Avenue.
- Consult with affected communities regarding any potential impacts and possible solutions to mitigate any concerns prior to opening 75 Street to truck traffic, and report back to Transportation and Infrastructure Committee.

March 5, 2012 Open House

- Purpose: solicit input on the benefits, impacts, and mitigation strategies
- 169 open house attendees.
- 42 online surveys completed

Major Themes

- Existing congestion on 75 Street
- Neighbourhood access and traffic concerns
- Environmental (noise, vibration, air pollution)
- Consider other routes
- Pedestrian crossings
- Need for additional consultation and study
- Impact on mature communities
- Property values
- Share the burden/Make the change

Next Steps

- Recommendation to be reviewed by Council:
Transportation and Infrastructure Committee Meeting
Tuesday, April 10, 2012
River Valley Room, City Hall
