

Construction Update

JUNE 2011

ANTHONY HENDAY DRIVE – Southwest

- Work is underway along Lessard Road east towards Danbury Blvd. The wet weather in June has also slowed the progress.
- The opening of the Lessard Overpass has had to be rescheduled for August 5, however this date may need to be adjusted should any more delays occur due to poor weather.
- The City has arranged for a meeting on August 5 with Councillor Leibovici and local residents on Callingwood Road to discuss the location of the multi-use trail.
