

Construction Update

OCTOBER 2011

FORT ROAD WIDENING

- The second stage of five was completed on September 25, 2011 which allowed for the shifting of traffic onto a completed portion of the roadway.
- The third, and final stage for 2011 began concurrently with Stage 2 and involves the work being done to complete the northbound lanes.
- Crews are hoping to complete the northbound roadway construction, weather permitting, and open 2 new northbound lanes to traffic for the winter.
- The new southbound lanes will be constructed in 2012.
