

## **Construction Update**

### **23 Avenue & Gateway Blvd**

#### **July 2011**

The roadwork has been slowed by rain throughout the month of July. Work continues on both the closed portion of Gateway Blvd as well as the south portion of the project near 19 Avenue.

Gravel, concrete curb and gutter, concrete barrier, and asphalt paving is presently underway between the 23 Avenue ramps. The opening of mainline has had to be postponed and is now scheduled for mid-September 2011.
