

# Construction Notification

**Project Name:** Pedestrian Cyclist Bridge across Mill Creek Ravine Connecting Wildrose and Silverberry Neighborhoods

**Owner:** City of Edmonton

**Contractor:** Alberco Construction Ltd.

**Project Duration:** November 26th, 2012 – January 15th, 2013

**Project Location:** Mill Creek Ravine between Wildwood Crescent and 33B Ave

**Scope of Work:** Scope of work includes the construction of a new pedestrian bridge across the Mill Creek Ravine between the two neighborhoods of Wildrose and Silverberry and associated trail works. After the installation of the new bridge, there will be work in the spring to finish the landscaping and re-grade the trail works.

During construction of the bridge, residents may experience some construction noise moreover, there will be truck traffic going in and out of the neighborhood to haul in construction material and equipment.

We thank you for your patience and look forward to the completion of this project.

This construction is to extend the public walking trail system and provide safe year-round access across the creek in the ravine.
