

## Construction Update

DECEMBER 2011

### 66 Street Upgrade

*December 22, 2011* - As part of the 2012 Construction Program, Transportation Services will be constructing the first two lanes, of an ultimate 4 lanes, of 66 Street.

In addition, a water management facility will be constructed on the northwest corner of 167 Avenue and 66 Street during the same period of time. Construction began in the fall of 2011 and is scheduled for completion by fall 2012.
