

## CENTRAL LRT STATION REHABILITATION & JASPER AVENUE STREETSCAPE PROJECT UPDATE - AUGUST 2013

This is the second year of a two-year project that includes repairs to Central LRT Station and the development of a new streetscape along Jasper Avenue between 100 Street and 102 Street. Central LRT Station is undergoing repairs to the roof and overall waterproofing of the LRT structure. Jasper Avenue streetscaping includes total roadway reconstruction, a new 5-lane roadway, wider sidewalk, new trees, benches, poster kiosks, traffic signals and decorative streetlights. Construction is ongoing on the south side of Jasper Avenue and within Central LRT Station.

### MAJOR MILESTONES

- Demolition of the south boulevard (sidewalk) is complete. Concrete sidewalk slab construction has begun.
- Central LRT Station smoke exhaust structure is complete.
- Roadway concrete surface is complete except for the southeast quadrant of 101 Street.
- Structural steel columns and fireproofing within Central LRT Station almost complete. Shear friction connections are done.

### UPCOMING MILESTONES

- Traffic on 101 Street will flip from the east side to the west side on **August 11**.
- Paving stone installation will begin in mid-August. Installation of decorative streetscape elements will begin in August.
- Grinding and paving of asphalt roadways included in project scheduled to begin **August 26**.

### SCHEDULE STATUS

- Completion of surface works expected for **October 31, 2013**. Concourse and station utility improvements expected to be completed by **December 15, 2013**.
