

STONY PLAIN ROAD STREETSCAPE

PROJECT UPDATE – JUNE 2014

The Stony Plain Road Streetscape project involves reconstruction of Stony Plain Road from 149 Street to 158 Street, streetscape elements like coloured concrete sidewalks, crosswalks, tree pits, benches and decorative streetlights.

In 2014, work will be done on the section from 152 Street to 149 Street.

MAJOR MILESTONES

- Traffic signals completed at 152 Street and 151 Street.
- Streetlight construction underway.
- Gold headers and crosswalks at 158 Street and 157 Street completed.
- Street has been reconstructed on both sides of Stony Plain Road on 155 Street, 154 Street and the north side of 153 Street.
- Sidewalk removals and grading complete on north side of Stony Plain Road from 152 Street to 151 Street.

UPCOMING MILESTONES

- Completion of streetlights and secondary plumbing on the north side of Stony Plain Road.
- Completion of silva cell construction on north side of Stony Plain Road from 152 Street to 151 Street.
- Completion of 153 Street reconstruction south of Stony Plain Road.
- Sidewalk pours on north side of Stony Plain Road east from 152 Street.
- Milling and paving on Stony Plain Road from 155 Street to 152 Street.
