BRINGING OUR CITY VISION TO LIFE

## Stony Plain Road Streetscape Improvements Initiative 149 Street to 158 Street

### The Project

- Stony Plain Road streetscape improvements are a result of the City's continued efforts to revitalize the neighbourhoods of West Jasper Place, Canora, Glenwood, and Britannia-Youngstown--the Jasper Place Revitalization Strategy.
- Stony Plain Road is emerging as one of West Edmonton's key destinations. The project will help make Stony Plain Road a place where people want to live, work and shop.
- Streetscape improvements involve creating a sustainable, vibrant and well-designed pedestrian-friendly mixed-use 'main street'.
- Public consultation for Stony Plain Road began in 2008 with the local community and businesses working with the Project for Public Spaces and the City of Edmonton in identifying ways to improve the Stony Plain Road corridor.

### The Project Area

- 149 Street to 158 Street  
(includes side streets up to the alleys, one block north and south of Stony Plain Road)

## Stony Plain Road Streetscape Improvements Initiative Public Consultation

This public consultation process builds upon the extensive involvement of the community and input received on this project to date.

The City is committed to open and transparent public consultation processes; the public consultation component of this project follows the City's *Involving Edmonton* initiative.

### Previous Consultation

Since 2008, in consultation with the Stony Plain Road BRZ , the City has held design charrette, building group workshops, and workshop with stakeholders on the revitalization of Jasper Place. The Stony Plain Road Streetscape Project is built upon previous consultation with the communities and stakeholders.
