

JOHN JANZEN NATURE CENTRE DAY CAMPS

Lil Chickadees (Ages 4-5)

\$155 (5 Days) \$124 (4 Days)

Campers can be curious like a chickadee in this half-day camp that is focused on nature exploration! Wonder at the beauty of the forest, use all the senses to encounter local plants and animals, and free play among the trails and trees of the Nature Centre. Who knew living life as a chickadee was so swell?

Dino-Mania (Ages 5-7)

\$225 (5 Days)

Roam where the giants of the River Valley once roamed! Giant-sized fun awaits anyone who wants to step where the dinosaurs did. Campers will play dino games, explore real dino fossils, and create dino art all week. Giants of the forest await!

Nature, That's Gross! (Ages 5-7)

\$205 (5 Days) \$164 (4 Days)

Nature can be so GROSS! Slimy worms that eat almost anything! Flowers that smell like feet to attract bugs! Paper made of poo! In this entirely outdoor camp, campers will do science experiments with worms, learn to compost, and explore the forest to figure out Nature's disgusting mysteries. Nature can be so COOL!

Super-Natural (Ages 5-7)

\$205 (5 Days) \$164 (4 Days)

Kids can help save the world! Campers will discover some of the superheroes of nature, from the smallest pollinators that are important for our food, to the tallest trees that help us breathe! They'll use science to explore conservation, frolic in the forest, and become a nature hero!

A Week in the Woods (Ages 7-10)

\$205 (5 Days)

"I took a walk in the woods and came out taller than the trees." said Thoreau. Campers will discover the mysteries of our very own birch forest in this all outdoor camp. Discovery, science, games and fun wait in the woods... one week might not be enough!

Stranger Nature Things (Ages 8-10)**\$225 (5 Days)**

Did you know that a woodpecker's tongue wraps around its skull? This week your camper becomes a citizen scientist, observing nature and recording their findings. Throughout the week, campers will create their own nature journal to take home with them. Watch out woodpeckers, we will find all your secrets!

Jurassic World (Ages 8-10)**\$205 (5 Days) \$164 (4 Days)**

Dig into dinosaur science! In this supersized week of camp, your camper will discover what paleontologists do as they practice preserving tracks, excavating mini-dinosaurs and building a T-Rex skeleton. They'll learn all about the River Valley's rich dinosaur history through hand-on learning. This is a camp they will really dig!

****NEW** Forest Forensics (Ages 11-13)****\$205 (5 Days)**

Something strange is happening in the forest! Food is disappearing, the trees are deformed, something went bump in the night! In this outdoor camp, campers will hone their detective skills, looking for clues and designing experiments to find out who the forest perpetrators are!
