THE RIVER VALLEY ALLIANCE

Creating a legacy... for generations to come

The River Valley Alliance

The River Valley Alliance (RVA) is a collaborative of the seven municipalities owning land in the Capital Region's North Saskatchewan River Valley. The partners in the RVA share a common goal: to preserve, protect and enhance the river valley park system for the year-round accessibility and enjoyment of its citizens and visitors. For more information, visit: **rivervalley.ab.ca**

TRANS CANADA TRAIL

Trans Canada Trail
Sentier Transcanadien

The Trans Canada Trail, also known as The Great Trail, is one of the world's longest networks of trails. When completed, the Trail will stretch nearly 24,000 kilometres from the Atlantic to the Pacific to the Arctic oceans, linking Canadians in close to 1,000 communities. The Edmonton Section extends from Terwillegar Park in the City's southwest to Rundle Park in the northeast.

TRAILS, PATHS AND ROUTES LEGEND – WINTER

- **Shared-Use Paths Cleared in Winter:** are paved off-street paths made for many activities.
- **Trails:** These are not cleared in winter, but may become hard-packed, snow or ice and are often used for fat-biking, or winter trail running and walking.
- **Protected Bike Lanes Cleared in Winter**: are on-street bike lanes protected from moving cars, parked cars, and sidewalks, by a physical barrier.
- **Bike Route Under Construction.** For more information on all bike routes and bike route construction, visit edmonton.ca/bikeedmonton.

Grades are identified on the map as:

- **Moderate:** Grades of 5 – 9%, will challenge some users with reduced mobility, especially in longer sections. For comparison, a well built wheelchair ramp is about a 6% grade.
- **Difficult:** Grades of 10% and greater, are challenging for most users.

Grades of less than 5% are not indicated on the map — changes to slopes are generally gradual and should not be a challenge to most users.

FEATURES OF THIS MAP

Designed to support recreation for all, this map provides information on trails, shared-use paths and their grade (degree of steepness) in order to help users plan and select routes to best suit their needs. This map also shows some of the bike routes and shared use paths that lead to the River Valley and ravines.

The City of Edmonton makes every reasonable effort to ensure City facilities are accessible to all users.

CROSS COUNTRY SKIING

Edmonton has many groomed cross-country ski trails, as well as lessons available for cross-country skiers at all levels.

- Green = Easy
- Blue = More Difficult
- Black = Most Difficult
