II That the Servicing Agreement required in Clause I (1) contain, among other things, the following:

7. that the owner provides cash-in-lieu for a portion of the construction of Cavanagh Boulevard SW with Phase 2, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;

8. that the engineering drawings include grading plans for the cash in lieu portion of Cavanagh Boulevard SW with Phase 1, to the satisfaction of Subdivision and Development Coordination;

9. that the owner constructs a temporary 4 m gravel surface emergency access with T-bollards, to the satisfaction of Subdivision and Development Coordination as shown on the "Conditions of Approval" map, Enclosure I. This roadway will be required prior to Construction Completion Certificate (CCC) for roads (or when required by Subdivision and Development Coordination);

10. that the owner constructs a temporary gravel surface alley turnaround with bollards or mini-barriers with Phase 1, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I. Please be advised of the following:

**Next Steps for Subdivision Approval**

- The next step in the subdivision process is to have a legal instrument prepared (i.e. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee ($673.00 - 2019 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

**Transportation**

- There are existing boulevard trees adjacent to the site on 63 Avenue NW that must be protected during construction. For information about tree protection please refer to the City of Edmonton’s website (Trees and Construction).

- Access for future development must be to the adjacent alley in conformance with Mature Neighbourhood Overlay Section 814.3(17) of the Zoning Bylaw #12800.

- The Allendale neighbourhood is on the Neighbourhood Renewal program. This specific site is scheduled for reconstruction in 2019. Subdivision Planning recommends that the owner/applicant email BuildingGreatNeighbourhoods@edmonton.ca to coordinate any work on road right of way.

**Building / Site**

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

**Servicing**

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).

- There is a deficiency in on-street hydrant spacing adjacent to the property. The applicant/owner is advised to review on-site fire protection requirements to ensure adequate coverage (contact EPCOR Water at 780-412-3955).

- There is an existing power pole and guy wire that will interfere with access to the proposed Lot 38. Subdivision Planning highly recommends that the applicant/owner initiate the relocation of the power pole/guy wire with EPCOR Distribution & Transmission as soon as possible as this pole will inhibit alley access to the site and will result in a delay with the issuance of the Development Permit. Contact Andy Balding (780-412-3520) of EPCOR Distribution & Transmission for more information.

- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).
