Search results will normally be provided within two working days. Please review your search results and indicate the reports for which you would like copies. Report copies are available for those reports which are considered routinely releasable under FOIP legislation. Other reports must be requested through the [City of Edmonton FOIP Office](#) and are subject to the fees charged by that office. Each report requested through FOIP is a separate FOIP request.

The Geo-Env Information Coordinator will determine whether your selections are routinely releasable and inform you of the fees for obtaining copies. In-person viewing of the documents is not allowed, except by special request. Once the applicable fees are paid, digital copies of reports will be provided on CD or by e-mail if under the limit of 16 MB. If you have an FTP site, digital reports can be uploaded provided all requirements are met. Photocopies must be picked up during office hours. We do not mail or courier report copies, all such arranged must be made by the requestor.

Copy Fees (not including GST):
