

# Edmonton's Electric Vehicle Charger and E-Bike (ECEB) Rebate Program

## Qualified Product List for Residential EV Chargers

2020

**CHANGE**  
**MOBILITY**  
**FOR CLIMATE**

---

## INTRODUCTION

Residential grade EV chargers meeting the technical criteria listed below will be included in ECEB program's residential Qualified Product List (QPL):

1. Must be a New EV charger
2. Must be purchased & NOT leased
3. Must be a Level 2 (208/240 V) station
4. Must be approved for sale and use in Canada (ULC, cETL, or CSA certification) (<https://pluginbc.ca/incentives/charging-solutions-incentives/>)
5. Must be a mounted or fixed model, not transportable
6. Must be installed by a licensed Master electrician upon obtaining the relevant Electrical Permit (Under the Alberta Safety Codes Act and Permit Regulations an Electrical Permit is required to install, alter or add to an electrical system).

QPL for the ECEB Program Category 1 - Residential is provided below. It is adapted from Quebec's Roulez vert program as of May 22, 2020<sup>1</sup>.

Please note that this QPL is only for guidance, and the City is neither recommending nor advertising these products. Any other residential grade EV charger models that fulfill **ALL** the eligibility criteria mentioned above will be eligible for incentives under Program Category 1.
