## **SCHEDULE "B"**

### **GENERAL GUIDELINES FOR REHABILITATION**

The General Guidelines for Rehabilitation are intended to assist in applying accepted principles and practices to the conservation of historic resources. The guidelines are set out in the "Standards and Guidelines for the Conservation of Historic Places in Canada". In a manner consistent with accepted practice, City Policy C-450A requires that the standards be used in conjunction with the guidelines to ensure that the basis for a clear and consistent interpretation of the guidelines is provided to assist owners of historic resources throughout the rehabilitation process. The following guidelines and the referenced standards shall apply to St. Francis of Assisi Friary / St. Anthony's College / St. Francis of Assisi Church (the "Municipal Historic Resource") and any rehabilitation or maintenance work undertaken with respect to the Municipal Historic Resource at any time.

**1. Compatible Uses:**

Wherever possible, the uses proposed for a Municipal Historic Resource shall be compatible with the existing building such that only minimal changes are required to the building. The use of a Municipal Historic Resource for its original purpose is desirable.

**2. Original Character:**

The original distinctive qualities and character of the Historic Resource shall not be destroyed. The removal or alteration of any historical materials or features shall be avoided whenever possible.

**3. The Historic Period:**

The Municipal Historic Resource should be recognized as a product of its own time. Alterations which are not based on historical fact or which recreate an earlier or a later appearance shall be discouraged.

**4. Witness to Change:**

Changes to the Municipal Historic Resource may have occurred over time. These alterations are evidence of the history and development of the building. Because this evolution may have acquired significance in its own right, alterations to the original building should be recognized and respected where indicated.

**5. Style and Craftsmanship:**

Distinctive stylistic features and examples of skilled craftsmanship of the Historic Resource shall be preserved and treated sensitively.

**6. Repair and Replacement:**

Deteriorated architectural features shall be repaired rather than replaced whenever possible. Where replacement is necessary, the new material should match the original as to material composition, colour, texture, design, etc. The repair or replacement of architectural features shall be based on a sound knowledge of the original characteristics of the feature. Such knowledge shall be based on historical or pictorial evidence and not upon conjecture.

**7. Cleaning:**

In all cases, surface cleaning shall be undertaken with the gentlest means available. Sandblasting and other cleaning methods that damage historic buildings shall not be undertaken without thorough testing prior to use on a building. Sandblasting is NOT recommended on brick, stone or wood. In all instances, it should be ascertained that a building exterior is really in need of cleaning prior to undertaking the work.

**8. Reversibility of Intervention:**

When the introductions of new elements or materials are necessary to stabilise or preserve the historic resource, alterations shall be undertaken such that the new materials, should they fail, may be removed at a later date without damage to the original fabric of the Historic Resource. Where this is not possible (i.e. use of epoxy or other permanent interventions) only those methods and materials which have been thoroughly tested and found satisfactory in situ, shall be used.

**9. Recording:**

Prior to undertaking any alterations, particularly in cases where alterations may threaten the building fabric (underpinning, moving structures), the applicant/owner shall provide notice to the administrator of the City Planning and Development Department's Heritage Program to enable measures to be taken to provide a complete and accurate record of the architectural features of the Historic Resource. Measured drawings and photographs of details may prove invaluable if major features are damaged or lost during the subsequent repair work. Any historic resource, which is the subject of an application to unsympathetically alter or demolish such resource, shall be professionally recorded.

**10. Original Construction Details:**

In some historic structures, poor construction details or inappropriate materials resulted in rapid deterioration of certain building elements. In these instances, accurate reconstruction of the original detail will inevitably result in the failure of the element. Therefore, reconstruction should be undertaken in such a fashion as to duplicate the original appearance as closely as possible while using details based on sound construction practice.

**11. Codes:**

At no time should the life and safety of occupants of a Municipal Historic Resource be deemed of lesser importance than the preservation of the original fabric of the Municipal Historic Resource. The required life and safety standards are those required by the current Alberta Building Code. However, notwithstanding these Code requirements, where the essential character of the structure is threatened by changes for Code reasons, every effort shall be made to achieve an equivalent safety standard by alternate means so as to minimise the impact on the historic fabric.

**12. Rehabilitation:**

Prior to undertaking any rehabilitation work, the scope of work and a schedule of alterations should be prepared. This schedule should include phasing of alterations where necessary due to program or budget restrictions. The type and timing of both short and long term maintenance work shall also be included.

**13. Signs:**

As a general rule signs should be limited to signs which were originally present on the building. In instances where new uses or interpretive functions dictate the use of additional signs, these new elements should be integrated into the general design of the project. The size, typeface, graphics, and materials should be chosen to suit the period of the Municipal Historic Resource wherever possible. Avoid installing new signs such that the repair, replacement or removal of the signs damages the original fabric of the structure.

**14. Alterations and Additions to Historic Resources:**

Contemporary design for alterations and additions to existing historic resources shall not be discouraged when such alterations and additions do not diminish the overall historic character of the resource and such design is compatible with the size, scale, colour, material and character of the resource, neighbourhood or environment.

(the "Land"), and the buildings known as the **St. Francis of Assisi Friary / St. Anthony's College** located thereon (the "Building");

Notwithstanding anything else herein contained, the City shall not be obligated to pay any portion of the Maximum Incentive until the City is satisfied, in its sole discretion, as to the registration of the Designating Bylaw and this Agreement against the title to the Lands.

If by December 31, 2006 the Owner has not completed enough Rehabilitation Work (verified by Notices of Completion) to qualify for the full maximum annual payment, the difference shall be applied to the maximum annual payment in 2007.

*Payment in the Second Year*

6.3. On or before December 31, 2007, the City shall pay the Owner the lesser of:

6.3.1. a maximum annual payment of \$100,000 (plus any amounts carried over from previous years); or

Notwithstanding the foregoing, the City may agree with the Owner in writing to carry forward beyond the Third and Final Year some or all of the unpaid Maximum Incentive. The Owner expressly agrees, however that payment of any or all of the Maximum Incentive is conditional upon completion of the Rehabilitation Work

7.5. On receipt of notice that the Remedial Work Plan has been completed, the City may inspect and identify any deficiencies in writing to the Owner. Nothing herein shall be deemed or construed, however, to limit the City's ability to rely on or enforce laws or bylaws relating to real property which is unsafe, dangerous or unsightly.

7.7. In addition to inspections permitted pursuant to the Remedial Work Plan, the City may on reasonable notice to the Owner and no more than four (4) times a year, inspect the Building at the City's own expense.

- 7.9. **If the Owner fails to perform any obligation under these Articles 7.1 to 7.12 or made pursuant to these Articles 7.1 to 7.12, the City may give notice of the breach to the Owner and at the expiration of twenty-one (21) days after service of the notice, the City may without further notice, take all steps as the City may in its absolute and uncontrolled discretion deem necessary to remedy the Owner's breach.** Any monies expended by the City in remedying the said breach, together with a surcharge of fifteen (15%) percent, shall be paid by the Owner to the City, and until such payment shall, together with interest thereon at the rate of one percent (1%) per annum above the prime rate, be a debt owing by the Owner to the City. This amount shall be recoverable by the City from the Owner within thirty (30) days of the Owner receiving a written demand and summary of costs from the City, failing which, such amount payable shall be a charge on the Lands and the City is at liberty to register such charge on title to the Lands. The rights of the City under this clause shall be in addition to and not substitution of any other rights of the City against the Owner whether by way of damages for breach of covenant or otherwise.
- 7.10. The failure of the City at any time to require performance by the Owner of any of the Owner's covenants shall in no way affect the City's right to enforce such covenant, nor shall the waiver by the City of the performance of any covenant be taken or be held to be a waiver of the performance of that covenant or any other covenant hereunder at any later time.
- 7.11. The Owner hereby releases the City, its agents and employees, from any liability whatsoever that the City may have to the Owner arising out of or related to the City's performance of such obligations, save for any such liability as may be due to the City's negligence. The Owner hereby agrees to cooperate with the City and allows the City such necessary access to the Building and the Lands as is requisite for the City to fulfill the requirements of this section.
- 7.12. Pursuant to and in accordance with Section 29 of the Act this Agreement shall be registered on title to the Lands and the conditions and covenants herein shall run with the Lands and shall bind the Owner and subsequent owners and successors in title to the Owner.

The location of the City's and the Board's plaques shall be mutually agreed to by the Owner and the City, both parties acting reasonably. For greater clarity, the City or the Board shall have no obligation to create and install such plaques, and the decision to do so shall be solely within each of the City's and the Board's discretion. - 3.2. The Owner waives any rights the Owner may have to dispute the sufficiency of the Notice of Intention to Designate and hereby releases the City, its agents and employees from any deficiencies of the Notice of Intention to Designate or the issuance thereof.

**5. PAYMENT OF REHABILITATION INCENTIVE:**

- 5.1. The City and the Owner agree that the sums described in the table contained in Section 4.1. of this Agreement in the column “Amount Allocated” are estimated amounts of the Maximum Incentive allocated to each phase of the Rehabilitation Work (a “Phase”), to be paid to the Owner by the City pursuant to the provisions of Article 6 of this Agreement.
- 5.2. Upon completing a Phase or Phases, or remedying a Deficiency List, the Owner shall provide the City with a Certification.
- 5.3. Within fourteen (14) days of receiving a Certification, the City may inspect the Building and either:
- 5.3.1. Issue a Notice of Completion, stating that:
- 5.3.1.1. The Phase(s) of the Rehabilitation Work has been performed to the satisfaction of the City and that a satisfactory Certification has been received; or
- 5.3.1.2. The Deficiency List has been remedied to the satisfaction of the City and that a satisfactory Certification has been received; or
- 5.3.1.3. Give the Owner a Deficiency List.
- 5.4. If the City issues a Deficiency List, the Owner shall forthwith commence remediation of the deficiencies described in the Deficiency List.
- 5.5. In calculating the cost of performing the Rehabilitation Work, the Owner and the City shall only include the cost of labour and building materials specifically associated with the Rehabilitation Work. The Owner and the City shall not include other costs, including but not limited to, for example, the interruption of use of the Building or the Land or the cost of repairing damage to the Building while the Rehabilitation Work was underway.

**6. PAYMENT:**

- 6.1. The City shall not be liable to pay the Owner more than the sum of \$126,520.68 described in the table contained in Section 4.1. of this Agreement, as the total compensation payable by the City pursuant to this Agreement and the Designating Bylaw (the “Maximum Incentive”), and only upon completion of all Rehabilitation Work in accordance with the provisions of this Agreement, which sum shall be payable in yearly instalments as described below.

- 6.2. Notwithstanding anything else herein contained, the City shall not be obligated to pay any portion of the Maximum Incentive until the City is satisfied, in its sole discretion, as to the registration of the Designating Bylaw and this Agreement against the title to the Land.
- 6.3. The City will holdback up to 10% of the grant monies allocated until all the project work is completed or the General Manager of Sustainable Development is satisfied that the work completed is satisfactory for full or partial payment.

*Payment in the First Year*

- 6.4. On or before December 31, 2012, the City shall pay the owner the lesser of:
  - 6.4.1. A maximum payment of \$126,520.68, or
  - 6.4.2. One half the value of all the Rehabilitation Work for which the City has issued Notices of Completion in 2012.

If by December 31, 2012, the Owner has not completed enough Rehabilitation Work (verified by Notices of Completion) to qualify for the full Maximum Incentive, the difference shall be applied to payments in 2013, 2014 or 2015.

If by December 31, 2015, the Owner has not completed enough Rehabilitation Work (verified by Notices of Completion) to qualify for the Maximum Incentive, the City shall not be obligated to pay the difference to the Owner in that year or in any future years. Notwithstanding the foregoing, the City may agree with the Owner in writing to carry forward some or all of the unpaid Maximum Incentive. The Owner expressly agrees, however, that payment of any or all of the Maximum Incentive is conditional upon completion of the Rehabilitation Work strictly in accordance with this Agreement.

- 6.5. The City may, in its absolute discretion, provide for partial payment of any amount up to the Maximum Incentive for any Phase(s) notwithstanding that a Notice of Completion for the Phase(s) has not yet been issued.

**7. MAINTENANCE:**

- 7.1. In January of the fifth (5<sup>th</sup>) year after the issuance of the Notice of Completion for the final Phase(s) of the Rehabilitation Work, and every five (5) years after that, the Owner shall allow the City's Heritage Planner or designate (the "Inspector") to conduct an inspection of all the regulated portions of the Building.
- 7.2. Within sixty (60) days of the inspection, the Inspector shall prepare a written report setting out recommendations for remedial or maintenance work on the Building, including a proposed schedule for the work and suggestions as to methods and materials to be used.

- 7.3. The Owner and the City shall meet within fourteen (14) days of the receipt of the Inspector's report and establish the remedial work that shall be carried out, the timing for the completion of such remedial work and the manner in which such remedial work shall be undertaken (the "Remedial Work Plan").
- 7.4. The Owner shall promptly carry out the Remedial Work Plan and notify the City on completion.
- 7.5. On receipt of notice that the Remedial Work Plan has been completed, the City may inspect and identify any deficiencies in writing to the Owner. The Owner shall correct the deficiencies and provide the City notice that such corrective action has been carried out, and the City may then re-inspect.
- 7.6. Notwithstanding any other provision of this Agreement, if at any time the Owner or the City become aware of any disrepair that may endanger the Building, the Owner and the City shall meet and the Owner shall prepare and submit to the City a plan for repairs to the satisfaction of the City. The Owner shall promptly carry out the required repairs and notify the City on completion within a time frame determined by the City. Nothing herein shall be deemed or construed, however, to limit the City's ability to rely on or enforce laws or bylaws relating to real property which is unsafe, dangerous or unsightly.
- 7.7. In addition to inspections permitted pursuant to the Remedial Work Plan, the City may on reasonable notice to the Owner and no more than four (4) times a year, inspect the Building at the City's own expense.
- 7.8. The Owner shall be solely responsible for ensuring that the Building and Land and any improvements thereto comply with all applicable federal, provincial and municipal laws, regulations, bylaws, codes and guidelines. The Owner acknowledges and agrees that nothing in this Agreement shall be deemed or construed as an obligation on or duty of the City to ensure compliance with this section or advise the Owner of deficiencies in the Owner's compliance with this section.
- 7.9. **If the Owner fails to perform any obligation under this Article 7 or made pursuant to this Article 7, the City may give notice of the breach to the Owner and without any further notice in the case of a breach pursuant to Section 7.6 of the Agreement, or at the expiration of twenty-one (21) days after service of the notice in the case of any other breach, the City may without further notice, take all steps as the City may in its absolute and uncontrolled discretion deem necessary to remedy the Owner's breach.** Any monies expended by the City in remedying the said breach, together with a surcharge of fifteen percent (15%), shall be paid by the Owner to the City, and until such payment shall, together with interest thereon at the rate of one percent (1%) per annum above the prime rate, be a debt owing by the Owner to the City. This amount shall be recoverable by the City from the Owner within thirty (30) days of the Owner receiving a written demand and summary of costs from the

City, failing which such amount payable shall be a charge on the Land and the City is at liberty to register such charge on title to the Land. The rights of the City under this clause shall be in addition to and not substitution of any other rights of the City against the Owner whether by way of damages for breach of covenant or otherwise.

- 7.10. The failure of the City at any time to require performance by the Owner of any of the Owner's covenants shall in no way affect the City's right to enforce such covenant, nor shall the waiver by the City of the performance of any covenant be taken or be held to be a waiver of the performance of that covenant or any other covenant hereunder at any later time.
- 7.11. The Owner hereby releases the City, its agents and employees from any liability whatsoever that the City may have to the Owner arising out of or related to the City's performance of such obligations, save for any such liability as may be due to the City's negligence. The Owner hereby agrees to cooperate with the City and allows the City such necessary access to the Building and the Land as is requisite for the City to fulfil the requirements of this section.
- 7.12. Pursuant to and in accordance with Section 29 of the Act this Agreement shall be registered on title to the Land and the conditions and covenants herein shall run with the Land and shall bind the Owner and subsequent owners and successors in title to the Owner.

**8. REZONING:**

- 8.1. Within one (1) year of the execution of this Agreement, the Owner shall apply to the City to have the DC1 (Direct Development Control) provision relating to the Land amended to the satisfaction of the City in connection with the historic designation of the Land and the buildings thereon. Nothing in this Agreement fetters Council's discretion to approve or reject the Owner's zoning amendment application.
- 8.2. Notwithstanding any other provision of this Agreement the City may, in its sole and absolute discretion, hold back the Incentive grant until Sustainable Development has received a valid application to amend the DC1 (Direct Development Control) provision relating to the Lands.

**9. INSTALLATION OF PLAQUES:**

9.1. The Owner shall permit the placement of two (2) plaques in a visible location on or in proximity to the Building upon, or anytime after, the passing of the Designating Bylaw. One plaque shall be created and installed by the City at the City's sole expense to a design and specification solely within the City's discretion identifying the Building and the Land as a Municipal Historic Resource. A second plaque shall be created and installed by the Edmonton Historical Board as an interpretative plaque, to a design and specification solely within the Board's discretion. The location of the City's and the Board's plaques shall be mutually agreed to by the Owner and the City, both parties acting reasonably. For greater clarity, the City or the Board shall have no obligation to create and install such plaques, and the decision to do so shall be solely within each of the City's and the Board's discretion. The Owner shall not and shall not permit or cause the removal, disturbance or obscuring of such plaques.

**10. CANADIAN REGISTER OF HISTORIC PLACES:**

10.1. The Owner consents to having the property listed on the Canadian Register of Historic Places which will at minimum entail having the address, historic descriptions, statements of significance and photographs available for public viewing, in print or electronic format.

**11. INSURANCE:**

11.1. The Owner will maintain all risks broad form property insurance on the Building and Land.

11.2. The limits of such policy will insure the structure to full replacement value.

11.3. In the event of a loss every effort should be made to replace, repair or restore the Building to conserve the characteristics of the Building which give it its historical significance. Parts of the Building designated as being historic shall be restored, as closely as possible, to the details and characteristics of the original dwelling so designated as being historic.

11.4. Any exceptions to this insurance provision must be approved by the designated Heritage Planner for the City of Edmonton.

**12. DISPUTE RESOLUTION:**

12.1. If a dispute arises between the City and the Owner as to the proper interpretation or effect of any of the terms or conditions of this Agreement, such dispute shall be resolved in accordance with the following procedure:

- 12.1.1. The party requesting that the matter in dispute be resolved in accordance with the provisions of this Dispute Resolution Article (the “Disputing Party”) shall notify the other party (the “Defending Party”) in writing of the details of the nature and extent of the dispute (the “Arbitration Notice”);
- 12.1.2. Within seven (7) days of the receipt of the Arbitration Notice, the Defending Party shall by written notice advise the Disputing Party that it disputes all matters referred to in the Arbitration Notice except those for which the Defending Party admits responsibility and proposes to take remedial action;
- 12.1.3. The terms of reference for arbitration shall be those areas of dispute referred to in the Arbitration Notice with respect to which the Defending Party has not admitted or proposes to take remedial action;
- 12.1.4. The Defending Party and the Disputing Party shall within ten (10) days after the date of receipt by the Disputing Party of the Defending Party’s notice, appoint an arbitrator who shall be acceptable to both parties (the “Arbitrator”). In the event that the parties shall fail to appoint the Arbitrator, then either party may, on written notice to the other, apply to the President of the Alberta Arbitration and Mediation Society to name the Arbitrator;
- 12.1.5. Not later than twenty (20) days after the appointment of the Arbitrator, the Arbitrator shall make his written decision, and shall give it to the parties immediately;
- 12.1.6. Unless the Arbitrator orders otherwise, the City and the Owner shall equally bear the costs of the arbitration;
- 12.1.7. The decision of the Arbitrator is final and binding on the parties and there shall be no appeal of the decision to the courts; and
- 12.1.8. Except as modified by this Agreement, the provisions of the Arbitration Act R.S.A. 2000 c. A-43, as amended, shall apply.
