**Traffic Signals**

Full signals at all intersections with automatic pedestrian cycle (no need to push button to get crossing light) except at 124 Street.

---

**Wood Benches at Gathering Areas**

Comfortable wood seating with back and arm rests will be provided along Jasper Avenue. The adaptable design allows for the creation of a variety of seating types that are visually consistent.

---

**Benches, Bike Racks, Waste Receptacles & Tree Grates**

Consistent with Jasper Avenue New Vision to provide visual continuity and simplify maintenance and/or replacement in the future.

---

**Roadway and Pedestrian Lighting**

Streetlight fixtures will be the same as those used on Jasper Avenue New Vision. Simpler poles will be used for both roadway and sidewalk lighting.

---

**High-Contrast Furnishing Zone Surface**

Contrasting color of paving in the furnishing zone improves wayfinding clarity for the visually impaired. Dark color concrete paving stones, similar to Jasper Avenue New Vision are proposed.

---

**Planting Bed**

The ‘flex zone’ on-street parking, patios, parklets, etc.

---

**Tactile Walking Surface Indicators**

Used at intersection curb ramps to improve safety for the visually impaired.

---

**Pedestrian Wayfinding**

Provided at select intersections to direct users to key destinations.
