Construction Notice: Valley Line West LRT

AREA 7

Construction Work – Anthony Henday Surveying and Borehole Testing

- On or around April 27, 2021, crews will be verifying local ground conditions in the area of 87 Avenue and Anthony Henday Drive.

- Marigold Infrastructure Partners will be taking underground samples that will provide important data to guide the design and construction of the LRT infrastructure.

87 Avenue and Anthony Henday Drive

- This work will occur during off-peak hours (9 a.m. – 3 p.m.)

- Crews will begin by surveying the area on April 27; this is expected to last approximately two days. Borehole drilling will follow.

- Borehole drilling is expected to begin on May 3 and will last approximately one week.

- This work will occur on the boulevard beside traffic, however, periodic closures of the shoulders adjacent to the work will be required.
Every effort will be made to reduce the impact to the public.
Pedestrian traffic will be maintained.
During boring there will be some limited engine noise.

The information in this bulletin is current to April 22, 2021. Please note that all dates are approximate and weather-dependent. We thank you for your patience during construction of the Valley Line West LRT project.
