## Reading the Schedule

To find the estimated times that a bus stops at a particular location, read down the column under that location.

To find the estimated times that a particular bus will stop at other locations, read across the row (left to right).

Reading across the row tells you the time required for the bus to travel between timing points.

### Example

For the schedule to arrive at 12:15 a.m. MacDonald Drive, find the row for MacDonald Drive. If you don’t find the row, try finding the row for the next following stop.

In the case of the bus to travel between timing points.

### SCHEDULE GUIDE

- **Route**: All services on this schedule use the following bus route number:
- **Map Markers**: Map markers of a day of the week.
- **Location**: Location / timing points.
- **For more information visit edmonton.ca/transit.**
