**Off Leash Meeting Point**  
Creates a location for dog walkers to meet with amenities including year round washroom base level facilities, an information kiosk, benches and waste receptacle.

**Fenced Off Leash / Dog Training Area**  
create a small (separate) fenced and gated off leash areas for service dog training and an enclosed barrier-free area for mobility impaired and the elderly (off leash) dog walkers. Area includes chainlink fence boundary, benches, waste receptacles and a 2m width asphalt trail.

**Hardened Looping Pathway**  
This trail provides barrier free surface while maintaining the natural aesthetic of the area and follows existing pathway alignment to minimize disturbance to the surround environment.

**Yorath House and Site Upgrades**
