

Redevelopment Plan Update

Draft Development Concepts

Since we held the Public Ideas Review event in June, the project team has been working to incorporate the ideas gathered into a series of development concepts. The input gathered on the ideas in June was weighed against the guiding principles, issues and opportunities, best practices in urban planning, and market feasibility in order to prepare these concepts. We met with community and industry stakeholders to discuss the early versions of the concepts and get some initial feedback.

We would like to walk you through the process and have your input on these draft concepts at the upcoming September 18 event.

Development Concept Review Event

You're invited to the [Redevelopment Concept Review](#). Join us for one of two sessions where you can learn about the redevelopment concept options and progress on the the Exhibition Lands Redevelopment Project, and share your thoughts on the different ways the area could be redeveloped.

Feedback gathered at the Redevelopment Concept Review will be used to further refine the concepts and inform the selection of a preferred development concept that will be incorporated into the Area Redevelopment Plan.

Date: Tuesday September 18, 2018

First Session: 1:00-3:00 p.m.

Second Session: 5:00-8:00 p.m.

Location: Bellevue Community League, 7308 112 Ave NW

Presentations at: 1:15, 2:15, 5:15, 6:15 and 7:15 p.m.

Highlands Engagement Event

Can't attend the Redevelopment Concept Review on September 18? Come learn more about the Exhibition Lands Redevelopment Project at the Building Great Neighbourhoods Engagement Event for the Highlands neighbourhood. Since this is part of a larger event, the main focus will not be on Exhibition Lands. However, we will have project information to review and staff will be on hand to hear feedback on the concepts.

The event is being hosted as part of the City of Edmonton's Neighbourhood Renewal program for mature neighbourhoods. Planning is underway for the Highlands neighbourhood, which will see the replacement of its aging collector and local roadway surfaces, street lights and sidewalks beginning in 2019 and ending in 2021.

Date: Thursday, September 27, 2018

Time: 5:00-8:00 p.m.

Location: Highlands School, 11509 62 St NW

Activities and Upcoming Events

As we approach the snowy months, site animation activities will slowly wrap up for the year. From May to September, the City team worked to encourage unsupervised recreation on the Coliseum site through a temporary skateboard park and spaces for pick-up hockey and basketball. In August, the site also hosted K-Days and a successful street hockey tournament: the McDavid Cup. Over the winter, the City will be reviewing its site animation results and exploring opportunities for next year.

Before we close up for the winter, we have one more event: a [Bike Drop-In Safety Event](#).

Bike Drop-in Safety Event

End the cycling season this year with basic safety skills for participants on 2 or 4 wheels. Learn about the parts of your bike, road and trail rules, riding drills and cycling etiquette. This program is targeted for children aged 6-12, but all children accompanied by an adult are welcome to attend. Families are encouraged to participate!

Participants must have their own bike, as well as a CSA approved helmet in order to participate.

Date: September 15 and 22 (weather permitting)*

Time: 10:00 a.m.-1:00 p.m.

Location: Coliseum Parking Lot 2, 7424 118 Avenue (parking is free)

*Note: This program may be cancelled due to inclement weather. Citizens can call 311 to find out if there is a cancellation.
