Terwillegar Heights District Park has been identified as the next priority location for an Artificial Turf Facility.

Funding has been approved for design of the facility with consideration for construction in future capital budget cycles.

Timeline

- **2008** Artificial Turf Plan Approved
- **2012** Update to the City's approach to artificial turf facilities

**January - June 2017**
- Conceptual Design development
- Sharing of Concepts with public – **WE ARE HERE!**

**June – December 2017**
- Design refinement
- Sharing of Design with public (anticipate late fall 2017)

**Currently Unfunded**
- Subject to 2019-2022 Capital Budget Funding Approval
ARTIFICIAL TURF FACILITIES IN EDMONTON

Artificial turf facilities extend the outdoor playing season by 3-4 months, extend hours of play, provide a safe and consistent playing surface, create efficiencies in lands use, improve the ability to host events and reduce environmental impacts.

Artificial turf facilities typically offer a field that accommodates a full sized football field and full sized soccer field.
Artificial Turf facilities are intended to support both soccer and football and can also accommodate other rectangular and fixtureless sports, such as ultimate frisbee etc.

Through the development of previous facilities and involvement of sport organizations, the program elements for the Terwillegar Artificial Turf Facility are:

**Single Artificial Turf Field with:**
- Permanent FIFA soccer lines (field dimensions determined through engagement)
- Permanent CFL football game lines
- Ability to paint other lines as required
- Possibility for recreational track around the turf (to be decided)

**Amenity Building with:**
- Spectator seating (amount determined through engagement)
- Public washrooms
- 4 Team dressing rooms & 2 Officials dressing rooms
- Universal/Family Washroom
- Spotters box
- Concession
- Scoreboard
- Field lighting
- Operator staff space
- Parking
- Potential Partner Spaces
TERWILLEGAR HEIGHTS ARTIFICIAL TURF AND FACILITY

Conceptual Site Plan

- **NEW PARKING**
- **EXISTING PARKING**
