

WELCOME

17 Street Corridor Planning Whitemud Drive to Knightsbridge Road (105 Avenue)

September 27, 2012

RESULTS FROM PUBLIC EVENT #1

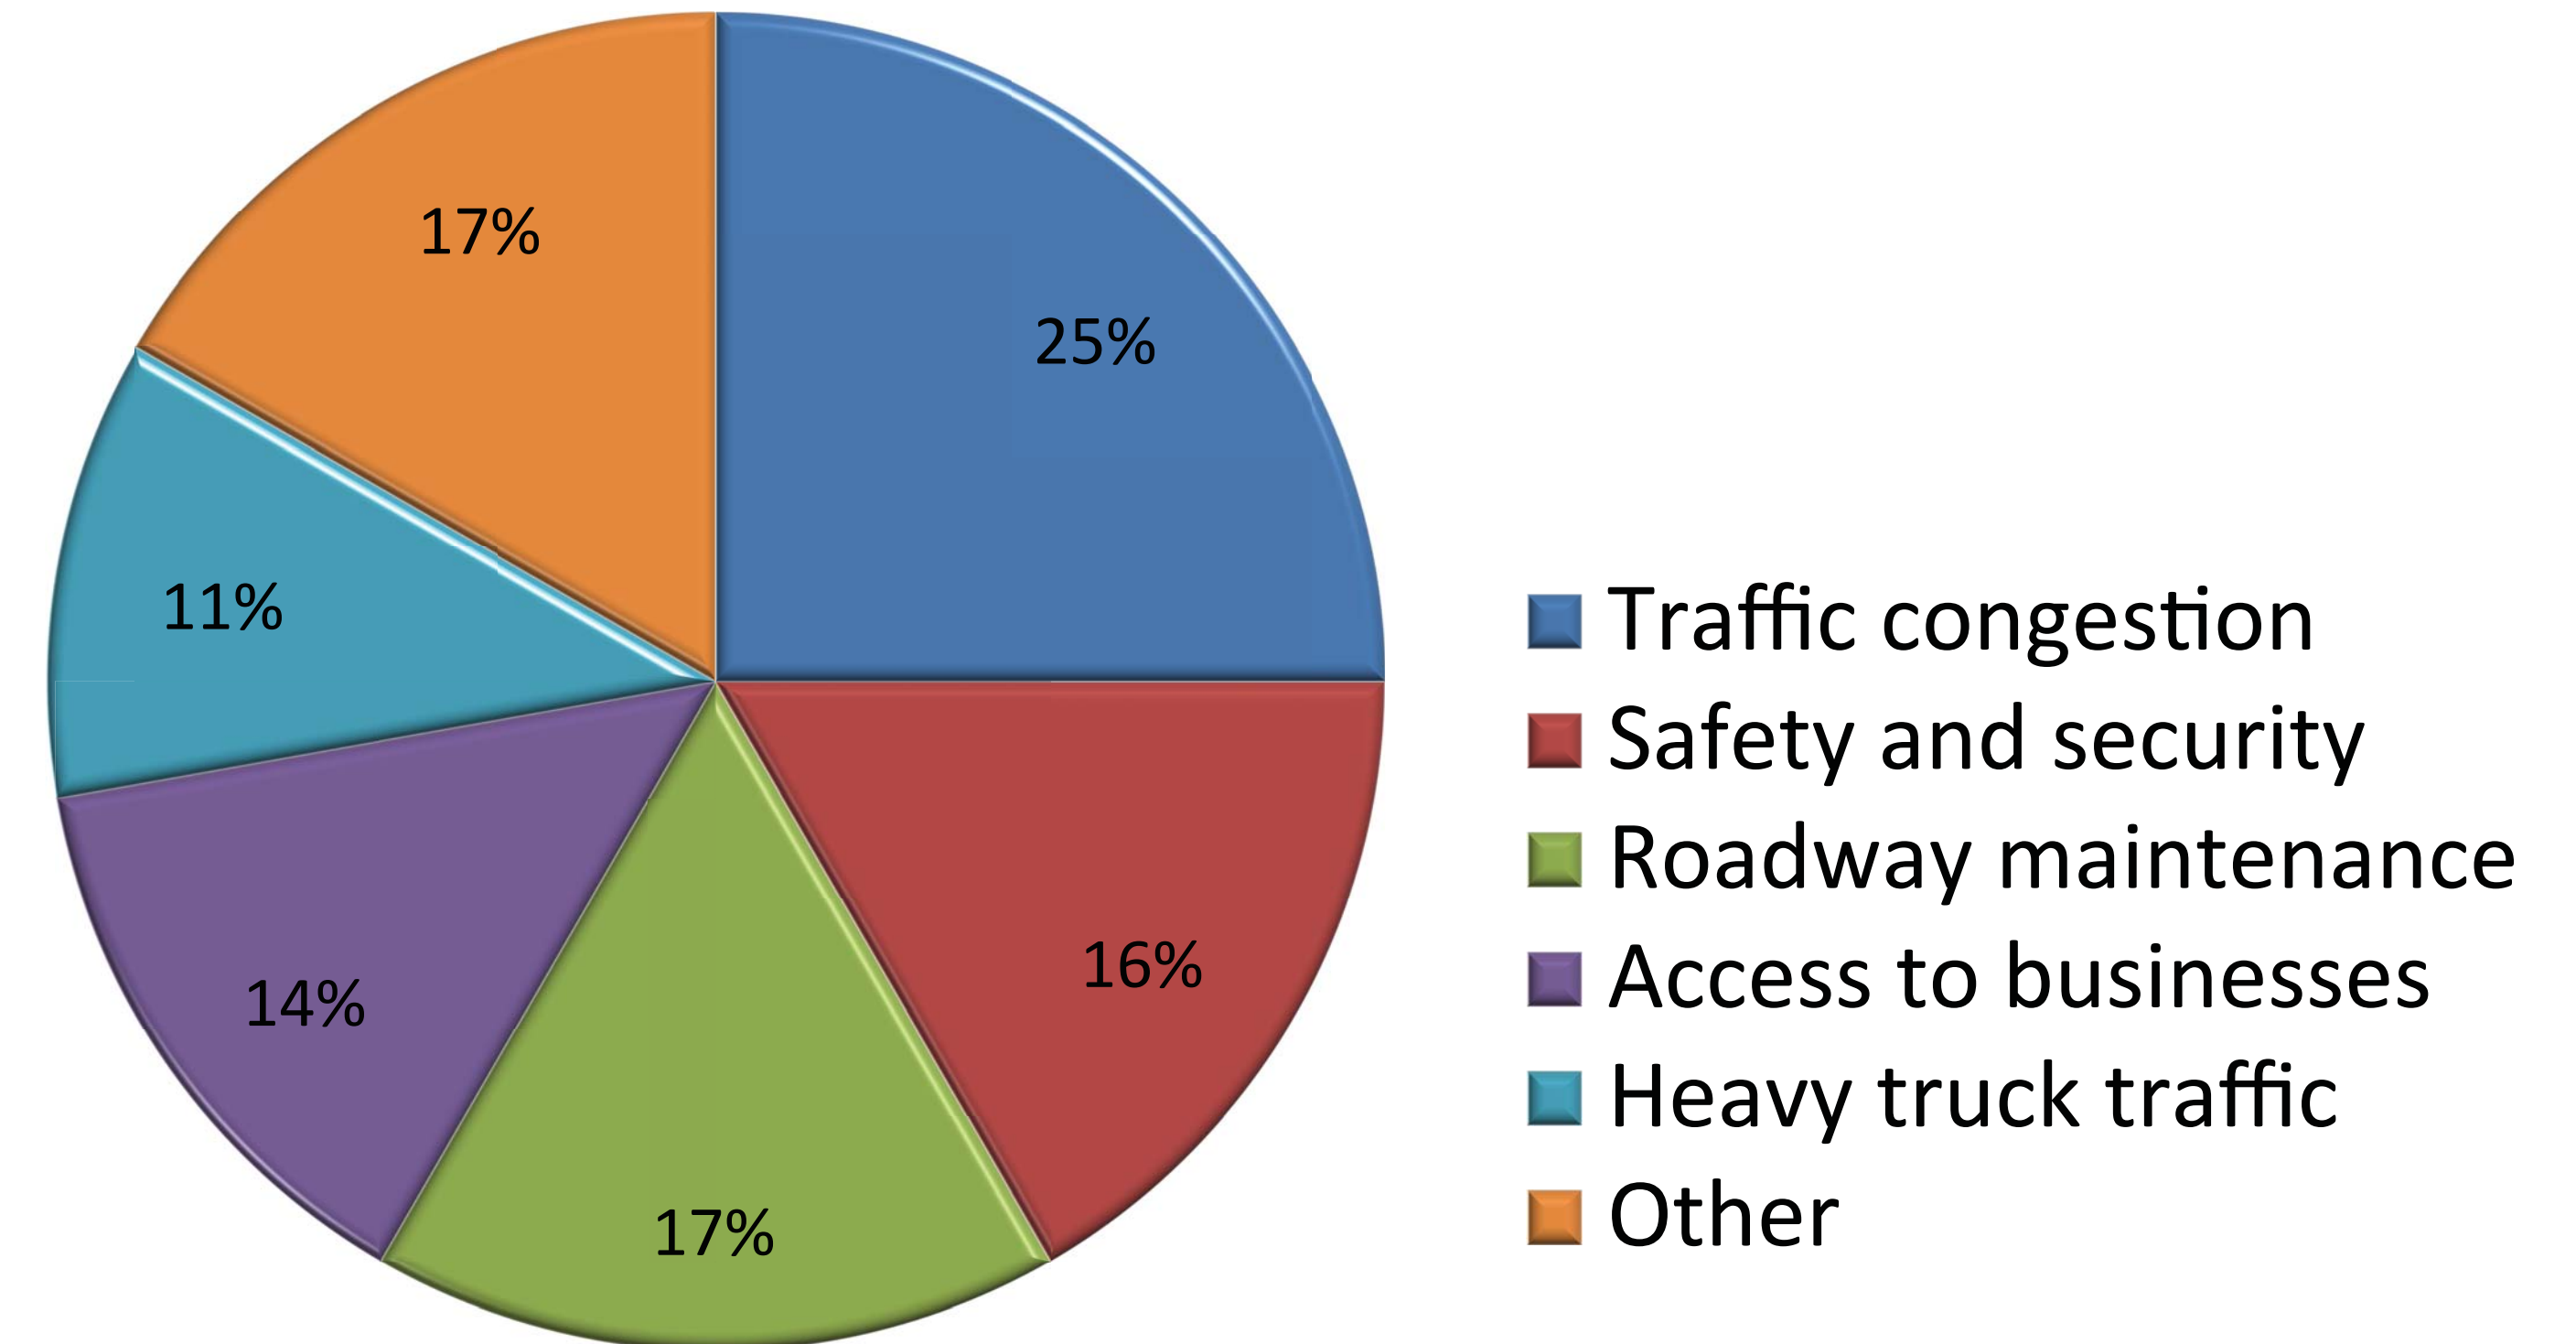

Top Five Concerns:

1. Traffic congestion
2. Roadway maintenance
3. Safety and security
4. Access to businesses
5. Heavy truck traffic

Other Concerns Included:

- Environmentally sensitive wetlands
- Noise and vibration
- Access to public transportation
- Pedestrian and cyclist access
- Signalization at major intersections
- Connections to major freeways

Public Responses for 17 Street Concerns

RESPONSE TO STAKEHOLDER CONCERNS

Public Concern

Actions and Design Features

Traffic congestion.....	Upgrade to four lanes (six lanes where needed)
Roadway maintenance.....	New pavement, median/boulevard snow storage
Safety and security.....	Roadway safety audit of plans is scheduled
Access to businesses.....	Access to all businesses will be provided/maintained
Heavy truck traffic.....	Wide lanes, mountable median in industrial areas
Environmentally sensitive wetlands.....	Minimized impacts on identified wetlands
Noise and vibration.....	Noise testing and analysis complete (see next display)
Access to public transportation.....	Bus stops to be included according to City/County plans
Pedestrian and cyclist access.....	Sidewalk and shared use path along corridor
Signalization at major intersections.....	Signals included where required
Connections to major freeways.....	17 Street design connects to future interchange plans
