(c) Project Co shall comply with the requirements of this Schedule 18 [Freedom of Information and Protection of Privacy] in relation to the collection, use, disclosure, storage or destruction of Project Records in its custody or control unless it receives the City’s express written direction to manage those records in a different manner.

2. PROJECT CO’S ROLE

(a) As Project Co has contracted to provide services under contract with the City, Project Co is deemed by the FOIP Act to be the City’s employee and any Project Records held by Project Co or its subsidiaries are deemed to be within the City’s custody and control and subject to the FOIP Act.

(v) cooperate with the City’s FOIP head (the City Manager) or delegate to ensure that the City is able to perform its duties and functions under the FOIP Act, regardless of the physical location of Project Records.

(c) If the City receives a request for Project Records that are within Project Co’s custody or control, Project Co shall provide to the City such Project Records as are requested by the City within 7 days of receipt of a written request from the City, in order to provide for sufficient time for the City to meet its statutory obligations and timelines for redacting and disclosing records or engaging third parties as required by the FOIP Act. The provisions of Sections 17.3 and 17.4 of the Project Agreement shall apply to any Confidential Information contained in such Project Records. Project Co may make representations to the City if it considers that any such Project Records contain business or other information that meets the requirements for non-disclosure under the FOIP Act.
