

Construction Notice: Valley Line West LRT Squashed Freemason – Art Work Relocation

March 31, 2021 – On Wednesday, April 7, 2021, a Squashed Freemason art installation is being relocated for Valley Line West LRT construction. It will be relocated to the sculptor's studio where it will be stored until it can safely be reinstalled.

The art installation is being relocated because Marigold Infrastructure Partners requires underground samples that will provide important data to guide the design and construction of the project. In order to gather this information, several 200 mm boreholes will need to be drilled along the south side of the Misericordia Hospital's property. The current gas line and storm sewer infrastructure in the area also needs to be relocated in the future for LRT construction.

The information in this bulletin is current to March 31, 2021. Please note that all dates are approximate and weather-dependent. We thank you for your patience during construction of the Valley Line West LRT project.
