

Construction Notice: Valley Line West LRT

Borehole Testing on 87 Avenue between 163 Street and Anthony Henday Drive

- On April 9, 2021, crews will be verifying local ground conditions on 87 Avenue between 163 Street and Anthony Henday Drive. This work is expected to last one week.
- Marigold Infrastructure Partners will be taking underground samples that will provide important data to guide the design and construction of the LRT infrastructure. Once the sample has been acquired, the hole will be resealed.

87 Avenue Between 163 Street and Anthony Henday Drive

- This will be a moving work zone – work will not be fixed to one location but will move eastbound from site-to-site along 87 Avenue between 163 Street and Anthony Henday Drive.
- This work will occur during off-peak hours (9 a.m. – 3 p.m.)
- There will be periodic traffic interruptions of approximately three hours at each location while work occurs.
- Pedestrian access will be maintained.
- Access to ETS Bus Stops will be maintained.
- During boring there will be some limited engine noise.
- Every effort will be made to reduce the impact to the public.

The information in this bulletin is current to April 6, 2021. Please note that all dates are approximate and weather-dependent. We thank you for your patience during construction of the Valley Line West LRT project.
