1.0 Application

1.1 Pursuant to Waste Services Bylaw 18590, the following are yard and leaf waste materials that are accepted for collection by the City.

(i) Branches
(ii) Grass clippings
(iii) Houseplants
(iv) Leaves
(v) Pine cones
(vi) Sticks and twigs
(vii) Tree roots
(viii) Tree trimmings
(ix) Yard and garden trimmings
(x) Apples
1.0 Application

1.1 Pursuant to Waste Services Bylaw 18590, the following items are excluded organic materials which must not be disposed of in an organic cart:

- Biodegradable or compostable plastics except certified compostable bags
- Branches greater than 20 cm in diameter for Yard Waste Collection
- Branches greater than 2.5 cm in diameter for Green Cart collection
- Textiles
- Wax products
- Sod and soil
- Kitty litter
- Leather products
- Noxious and prohibited weeds
1.0 Application

1.1 Pursuant to Waste Services Bylaw 18590, the items and materials in this Recyclable Material Guideline are designated to be recyclable material.

A. Recyclable materials set out for collection must adhere to the following conditions:
   1. Caps and lids must be removed and disposed of as garbage
   2. All materials must be cleaned or rinsed, and free of contamination from food waste

B. Acceptable recyclable materials include only the following:

   - Aerosol can (empty)
   - Aluminium can
   - Aluminium tart shell
   - Aluminum pie plate
   - Aluminium tray
   - Baby food jar
   - Baby wipe container
   - Bag-in-a-box (wine)
   - Beer bottle
   - Beer can
   - Beverage can
   - Bleach bottle (empty)
   - Books
   - Boost drink bottle
   - Bottle cap, beer
   - Bread bag (plastic)
   - Brochure
   - Broth carton
   - Calendar
   - Cardboard
   - Cardboard box
   - Cardboard tube
   - Catalogue
   - Cereal box
   - Chocolate box (paper or cardboard)
   - Cigarette package
   - Coffee can (plastic)
   - Coffee can (tin)
   - Coffee creamer bottle
   - Coffee creamer carton
   - Coffee cup cardboard sleeve
   - Coffee cup tray (paper)
   - Coiled paper notebook
   - Comic books
   - Conditioner bottle
   - Construction paper
   - Cookie tin
   - Cooking oil bottle (empty)
   - Dishwash soap bottle
   - Drain cleaner container (empty)
   - Dry cleaning bag
   - Eggnog carton
   - Envelope (not padded)
   - Fabric softener bottle
   - File folder
   - Flyers
   - Foil take-out food container

Cont'd on next page
B. (Cont'd) Acceptable recyclable materials are limited to:

- Foil tray
- Frozen fruit bag (not stand-up pouch)
- Frozen vegetable bag (not stand-up pouch)
- Gift bag (paper)
- Gift box (paper, cardboard)
- Gift wrap (paper)
- Glass bottle (beverage)
- Glass bottle (non-beverage)
- Greeting card
- Hand soap container (plastic)
- Ice cream pail
- Index dividers (paper)
- Juice box
- Juice carton
- Juice or drink pouch
- Laundry detergent bottle
- Laundry detergent box (boxboard)
- Lotion bottle
- Magazine
- Maps (paper)
- Margarine container
- Metal food can
- Milk carton
- Milk jug
- Mouthwash bottle
- Moving boxes
- Newspaper
- Paint swatch
- Paper
- Paper bag
- Paper booklet
- Paper egg carton
- Paper leaflet
- Paper notebook
- Paper receipts
- Paperback book
- Pasta box
- Peanut butter jar
- Phone book
- Pizza box
- Plant pots & trays (plastic)
- Plastic clamshell container
- Plastic bag
- Plastic bakery container
- Plastic bottle (beverage)
- Plastic bottle (non-beverage)
- Plastic bulk food bag
- Plastic container
- Plastic egg carton
- Plastic food wrap box
- Plastic jug
- Plastic mayonnaise jar
- Plastic medicine bottle (empty)
- Plastic pill bottle (empty)
- Plastic produce bag
- Plastic retail bag
- Plastic salad clamshell container
- Plastic salad dressing bottle
- Plastic shopping bag
- Plastic spray bottle
- Plastic take-out food container
- Plastic tubes & lids
- Plastic vitamin bottle (empty)
- Pop bottle
- Pop can
- Postcard
- Shampoo bottle
- Shaving cream can (empty)
- Shoebox
- Soup box
- Soup carton
- Spice bottle
- Sticky note
- Strawberry clamshell container
- Tetra-pak
- Textbook
- Tissue box
- Toilet paper tube
- Vinegar bottle
- Whipped cream can (empty)
- Windshield washer fluid container
- Wine bottle
- Yogurt container
- Yogurt cup
- Ziploc bag
Special Handling Guideline

1.0 Application

1.1 Pursuant to Waste Services Bylaw 18590, the waste materials in this Special Handling Guideline may only be set out for collection at a residential premises if they have been prepared by an owner in accordance with the requirements of this Special Handling Guideline.

1. The following definitions apply for the purpose of the Special Handling Guideline:
   
   (i) medical sharp means a needle device or any non-needle sharp used for withdrawing body fluids, accessing an artery or vein, administering medications or other fluids, or any other device that can reasonably be expected to penetrate the skin or any other part of the body;
   
   (ii) medical waste means waste that is generated by residential premises for the purpose of home medical care, but does not include waste which contains or may contain pathogenic agents that may cause disease in humans exposed to the waste, including blood bags or catheter bags;

2. Animal waste may only be set out for collection in accordance with the following:

   (i) animal waste disposed of as garbage must be double bagged and securely tied; or

   (ii) animal waste disposed of as organic materials may be placed in the organic cart in accordance with the following:

       (a) no plastic bags are allowed in the organic cart, other than compostable bags or a kraft paper bag; and

       (b) cat litter cannot be disposed of in the organic cart.

3. Dusty waste must be double bagged, securely tied and disposed of as garbage.
4. Medical waste must be double bagged, securely tied and disposed of as garbage. Medical sharps and pharmaceuticals are not garbage; they are restricted waste which cannot be disposed of through curbside set out and collection.

5. Sharp objects, which includes but is not limited to, glass, nails, screws, razor blades, knives, metal scraps, or wood splinters must be contained in a sealed cardboard box which is clearly labeled as Sharps and disposed of as garbage.

6. Wet waste must be thoroughly drained, double bagged, securely tied, and disposed of as garbage.

1.0 Application

1.1 Pursuant to Waste Services Bylaw 18590, an owner of a residential premises provided with a garbage cart by the City is required to dispose of all garbage within the garbage cart (Bylaw s. 13 (1)) and the volume of garbage disposed of must not exceed the capacity of the garbage cart in order to ensure the lid remains closed (Bylaw s. 27(1)) (collectively the “Requirements”).

1.2 The purpose of this Guideline is to authorize owners of residential premises to dispose of excess garbage through set out and collection in a manner that does not satisfy the Requirements.

1.3 Pursuant to section 20 of the Waste Services Bylaw 18590, the City Manager has the discretion to authorize the disposal of excess waste, or any source separated fraction of excess waste.

1.4 Pursuant to this guideline, the City Manager will hereby permit owners of residential premises to dispose of source separated excess garbage through collection.

2.0 Rules for Excess Garbage Set out and Collection at Residential Premises

2.1 An owner of residential premises is permitted to set out additional garbage for collection in excess of the limits imposed by the Requirements in accordance with the following:

a) The City will offer excess garbage bags for sale to owners of residential premises specifically marked and designated for disposal of excess garbage.
b) Excess garbage may be set out for collection at a residential premises if it is contained in a City approved excess garbage bag purchased by the owner.

c) Every owner must ensure that no more than two excess garbage bags are set out for collection on the day scheduled for collection of garbage at their residential premises.

d) Every owner must ensure that waste is source separated in accordance with section 12 of the Bylaw and only garbage may be disposed of in an excess garbage bag. Every owner must ensure that excess garbage bags do not contain any recyclable materials, organic materials, or yard and leaf waste.

e) Excess garbage bags must be securely tied at the top and must not weigh more than 20 kilograms each.

f) Except as modified by this Guideline, every owner must ensure that waste is set out for collection in accordance with the requirements of the Bylaw and any Guidelines applicable to the residential premises.

g) Excess garbage bags must be located 1 meter away from any cart when set out for collection. Excess garbage bags may be piled together in a group.

h) Owners must ensure that excess garbage bags are only set out with carts on garbage collection day. Any excess garbage bag which has not been collected by the City on the collection day must be removed and stored in accordance with Bylaw requirements.

i) Failure to comply with the above conditions may result in the excess garbage not being collected, and/or a violation ticket may be issued to the owner of the residential premises.
