Roads & Traffic Updates

23 Ave. Interchange Construction

**DATE**: Monday, December 14, 2009 – Thursday, September 30, 2010

**LOCATION**: Gateway Blvd./Calgary Tr at 23 Ave.

**CATEGORY**: Construction, Interchange, Lane Closure, Travel Delay

**AREA**: South

**IMPACT**: Minor Delay

**DESCRIPTION**: Reduced Lane Widths, Reduced Speed Limit

**TRAFFIC CHANGES**: No access to 23 Ave. from Gateway Blvd.
    - Northbound
    - No access to Calgary Tr. southbound from 23 Ave.
    - Speed limit reduced to 50km/h.

**PROJECT OVERVIEW**: Approximately 100,000 vehicles travel through the
    intersection at 23 Ave. and Gateway Blvd./Calgary Tr. each day. The new 23 Ave. interchange will
    better accommodate high traffic volumes, improving vehicle and pedestrian traffic safety and reducing
    travel delays.

**WEBSITE**: 23 Avenue Construction Website

**DETAILS**: Southwest ramp and southeast ramps closed.
    - Reduced to one lane westbound.
    - Pedestrian access along 23 Ave. is now available.
    - ETS shuttle service, 98 St. to 105 St. will be discontinued.
