# Pedestrian Bridge over Wayne Gretzky Drive

- Pedestrian bridge near 104 Avenue
- Over Wayne Gretzky Drive
- Connects Terrace Heights and Forest Heights

## Why is this rehabilitation happening?

- Prolong the lifespan of the bridge
- Replacement railing system

## What will the rehabilitation involve?

- Removal and replacement of the bridge paint
- Minor repairs to curbs and sealing cracks
- Replacement of the existing railing

# Closure and Construction Timelines

Full closure of bridge from mid- June to late –  
August 2021

## Signage and timeline adjustment

- Signs with project information installed on site
- Closure will occur mid June - late August 2021

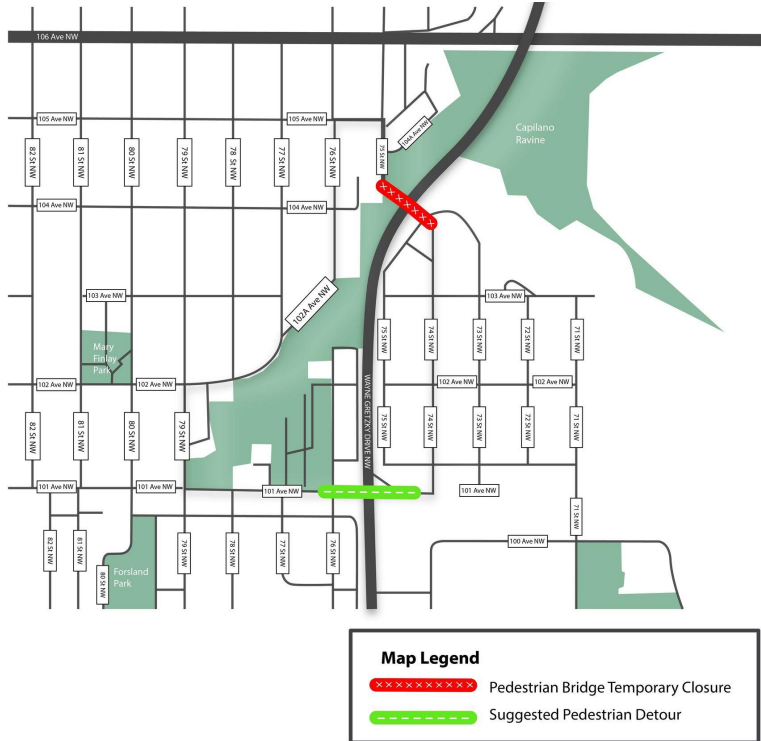

## Access

- Shared-use path will be closed from 75 Street to the bridge
- A temporary laydown south of the community garden
- Access to residences and other properties will be maintained

# What is the suggested detour during construction?

→ Pedestrians can travel south to 101 Avenue to cross Wayne Gretzky Drive
