

## Construction Notice - Anthony Henday Drive Median Lane Closures

Beginning **on/around July 29**, Ledcor, the Design-Build contractor for the project, will close the Anthony Henday Drive **westbound median lane** west of 111 Street to accommodate work for the future LRT bridge over Anthony Henday Drive. Please refer to the map below for details about the upcoming lane closure.

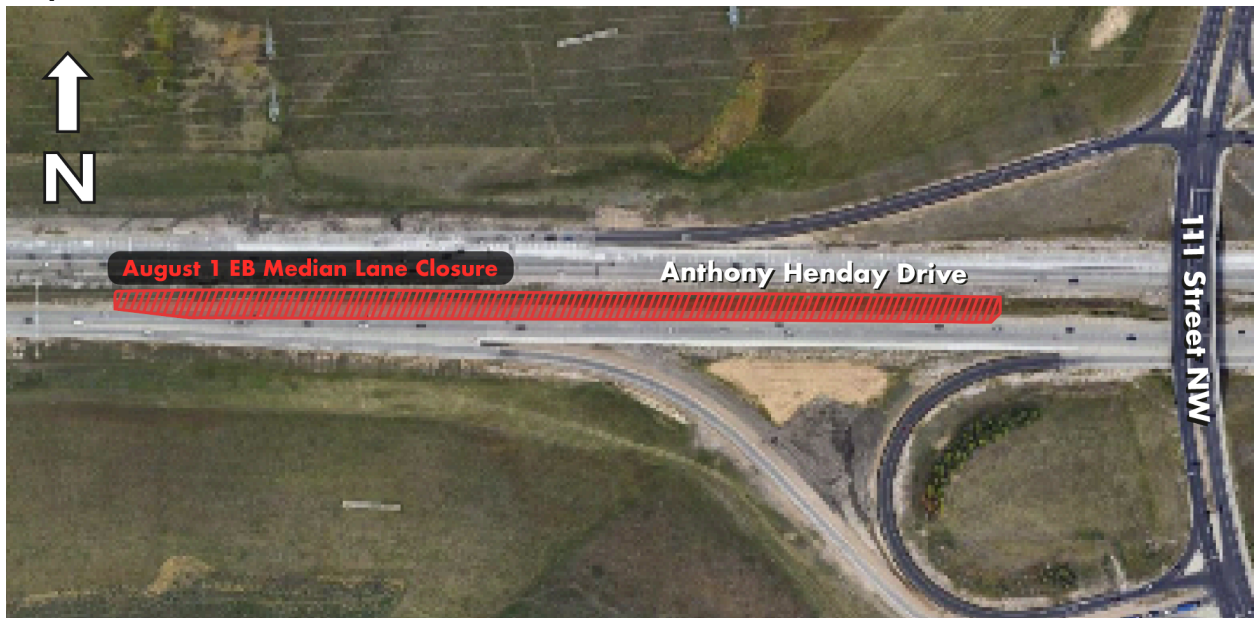

Once complete, beginning **on/around August 1**, Ledcor will close the Anthony Henday Drive **eastbound median lane** west of 111 Street to accommodate additional work. This second phase of work will take approximately one month.

Both phases of work will occur between the off-peak hours of 9:00 a.m. and 3:00 p.m. Speed and lane reductions will be in place during the active work period only, and lanes will reopen at the end of every work shift. Depending on weather conditions and progress, work may also occur on Saturdays between 7:00 a.m. and 3:00 p.m.

### Map 1: Westbound Median Lane Closure

**Map 2: Eastbound Median Lane Closure**

Other Impacts

- The speed limit on Anthony Henday Drive approaching the work zones will be reduced to 80 km/h in both directions during the temporary active work period.
- Efforts will be made to minimize noise, vibration and dust. Mitigation measures will be implemented to monitor and reduce these impacts.
