RE: Tentative plan of subdivision to create one (1) multi-unit housing lot (MHL) and one (1) Municipal Reserve lot from Lot 2, Block 6A, Plan 922 0135, located northwest of Blatchford Road NW and west of Bravo Boulevard NW; **BLATCHFORD**

I The Subdivision by Plan is APPROVED on March 28, 2024, subject to the following conditions:

1. that the owner dedicate Municipal Reserve (MR) as a 2.31 ha lot pursuant to Section 666 of the Municipal Government Act, as shown on the "Conditions of Approval" map, Enclosure I;
2. that the owner enter into a Servicing Agreement with the City of Edmonton pursuant to Section 655 of the Municipal Government Act;
3. that the owner enter into a Deferred Servicing Agreement with the City of Edmonton, pursuant to Section 655 of the Municipal Government Act;
4. that concurrent with registration of the plan of survey, the City of Edmonton shall register against the remnant lot (Lot 2, Block 6A, Plan 922 0135) a claim of interest by caveat of the Deferred Servicing Agreement pursuant to Section 655 of the Municipal Government Act;
5. that the owner prepare the necessary plans and documentation to grant new or carry forward existing easements and restrictive covenants in favour of the City of Edmonton, EPCOR Distribution & Transmission Inc., EPCOR Water Services Inc., and EPCOR Drainage Services, as required by the aforementioned agencies or shown on the engineering drawings that are deemed to be part of the Servicing Agreement;
6. that the subdivision boundary be amended to include the dedication of a portion of Bush Pilots Road NW to conform to an approved Concept Plan, or to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;
7. that the approved subdivisions LDA23-0170 and LDA22-0570 be registered prior to or concurrent with this application, to allow for logical roadway and utility extensions; and
8. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

II The Servicing Agreement required in Clause I (2) shall contain, among other things, the following conditions:

1. that the owner pay all servicing costs, assessments, roadway modification costs (including but not limited to sidewalk, shared use path and/or transit infrastructure), construction costs and inspection costs required by this subdivision;
2. that the owner pay all costs specified in the Servicing Agreement prior to endorsement of the plan of survey;
3. that the owner pay the Drainage Assessments applicable to this subdivision;
4. that the owner pay the Fire hall Offsite Levy applicable to this subdivision;
5. that the owner submits an Erosion and Sediment Control (ESC) Plan specific for this development and for implementation during and after construction in accordance with the City of Edmonton ESC Guidelines and Field Manual;
6. that the owner submits detailed engineering drawings and technical studies in accordance with the City of Edmonton Design and Construction Standards and to the satisfaction of the City Departments and affected utility agencies;
7. that the owner construct Flying Club Road NW as an "Active Street" to an approved design and cross-section in accordance with the Complete Streets Design and Construction Standards, including the construction of 2.1 m concrete sidewalks on both sides, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;
8. that the owner construct Bush Pilots Road NW as a "Quiet Street" to an approved design and cross-section in accordance with the Complete Streets Design and Construction Standards, including the construction of 3 m shared use path on south side, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I;
9. that subject to conditions II(7) and II(8), the owner construct all the roadways and temporary structures to a residential standard in accordance with the Complete Streets Design and Construction Standard and to the satisfaction of Subdivision and Development Coordination and Fire Rescue Services. A Swept Path Analysis for fire trucks should be included in the submission of engineering drawings to ensure functionality. Kael Griswold (kael.griswold@edmonton.ca) of Fire Rescue Services shall be consulted through the engineering drawing review process to confirm emergency access requirements;
10. that the owner pay for installation of "no parking" signage on the east side of the Flying Club Road NW to the satisfaction of Subdivision and Development Coordination and Fire Rescue Services, as shown on the "Conditions of Approval" map, Enclosure I;
11. that the owner construct a temporary 12 m radius gravel surface turnaround with bollards or mini-barriers to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I. This turnaround will be required prior to Construction Completion Certificate (CCC) for roads (or at the discretion and direction of Subdivision and Development Coordination);

12. that the owner construct a temporary 4 m wide gravel surface emergency access with T-bollards, as shown on the "Conditions of Approval" map, Enclosure I. This roadway will be required prior to CCC for roads (or when required by Subdivision and Development Coordination);
13. that the owner designs the ultimate North Storm Water Management Facility (SWMF) and constructs the Stage 1 North SWMF, including all necessary inlets and outlets, to the satisfaction of Subdivision and Development Coordination; and
14. that the owner is responsible for the landscape design and construction within the Reserve lot and road right of way, to the satisfaction of City Departments and affected utility agencies.

III That the Deferred Servicing Agreement required in Clause I (3) require that upon the further subdivision of the remnant lot or upon the issuance of a development permit, whichever occurs first, that the owner, or its successor in title, will be required to enter into another agreement to include, among other things, the following:

1. that the owner submit detailed engineering drawings and technical studies in accordance with the City of Edmonton Complete Streets Design and Construction Standards and to the satisfaction of Subdivision and Development Coordination; and
2. that the owner construct a 3 m hard surface shared use path including bollards and lighting within the MR lot, with a connection to the adjacent shared use paths, as shown on the "Conditions of Approval" map, Enclosure I.

Enclosure I is a map of the subdivision identifying major conditions of this approval.

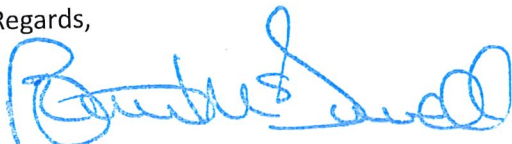

Municipal Reserve was previously addressed by registering a 32.48 ha Deferred Reserve Caveat (DRC) on title. The DRC will be reduced to account for the dedication of the 2.31 ha Municipal Reserve parcel. The balance of the DRC will carry forward on title.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

If you have further questions, please contact subdivisions@edmonton.ca.

Regards,

Blair McDowell

RE: Tentative plan of subdivision to create separate titles for a semi-detached dwelling from Lot 14, Block 9, Plan RN64, located south of 120 Avenue NW and east of 125 Street NW; **PRINCE CHARLES**

The Subdivision by Plan is APPROVED on March 28, 2024, subject to the following conditions:

1. that the owner make satisfactory arrangements with EPCOR Water Services Inc. and EPCOR Drainage Services for the provision of separate services (water and sewer) to the proposed southern lot; and
2. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that the Subdivision Authority will not endorse the plan of subdivision or other instrument until the appeal period as prescribed by the Municipal Government Act has lapsed. An appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

The Subdivision Authority did not receive comments from adjacent landowners. The application complies with the regulations set out in the Edmonton Zoning Bylaw, the land is serviceable, and the proposal advances a more compact urban form. The Subdivision Authority is of the opinion, after considering factors set out in Section 9 of the Matters Related to Subdivision and Development Regulation, that the land is suitable for the purpose for which the subdivision is intended.

If you have further questions, please contact subdivisions@edmonton.ca.

Regards,

Blair McDowell
Subdivision Authority

BM/mc/Posse #498479307-001

Enclosures

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$715.00 - 2024 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- There are existing boulevard trees adjacent to the site that must be protected during construction. For information about tree protection please refer to the City of Edmonton's website (search "Trees and Construction").
- Any and all costs associated with tree work requests (removal, pruning or other) and/or remediation from damages are borne on to the proponent as per the Corporate Tree Management Policy (C456C). All work is to be carried out by Urban Forestry who can be contacted at citytrees@edmonton.ca. Removal of City of Edmonton trees must follow the Live Tree Removal Guidelines which include community notice and value compensation.
- Access for future development must be to the adjacent alley as per the General Regulations (Section 6.1) of the 2.10 RS - Small Scale Residential Zone of Zoning Bylaw 20001.

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- The existing services (water and sanitary) enter the proposed subdivision approximately 1.52 m south of the north property line of Lot 14A off the lane. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.
- There is a deficiency in on-street hydrant spacing adjacent to the property. The applicant/owner is advised to review on-site fire protection requirements to ensure adequate coverage (contact EPCOR Water at 780-412-3955).
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).

- Overhead power lines are located on or adjacent to the subject site. It is important to prevent structural conflicts with electrical equipment. At the Development Permit stage, power poles, transformers, and other electrical equipment near the subject site must be included on all site plans and drawings. If a structure is greater than 5.5 m in height and has a setback of 4.5 m or less from the property line, please advise EPCOR Power's Customer Engineering Services (CES@epcor.com or 780-412-3128). They will provide feedback from a safety perspective, to help ensure Alberta Electrical Utility Code clearance requirements are achieved. For more information, refer to EPCOR Power's website at www.epcor.com (search "Building Structures and Power Equipment Clearances").

RE: Tentative plan of subdivision to create one (1) additional residential lot, from Lot 9, Block 4, Plan 3775 HW, located south of 70 Avenue NW and west of 93 Street NW; **HAZELDEAN**

The Subdivision by Plan is APPROVED on March 28, 2024, subject to the following conditions:

1. that the owner enter into a Servicing Agreement with the City of Edmonton for the payment of the applicable drainage assessments, pursuant to Section 655 of the Municipal Government Act (contact development.coordination@edmonton.ca);
2. that the owner apply for a permit to demolish the existing dwelling prior to endorsement of the final plan. Demolition permits can be obtained from Development Services. Apply online at www.edmonton.ca/permits; and
3. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that the Subdivision Authority will not endorse the plan of subdivision or other instrument until the appeal period as prescribed by the Municipal Government Act has lapsed. An appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

RE: Tentative plan of subdivision to reconfigure three (3) lots into two (2) lots from Lots 11-13, Block 1, Plan 1307P, located south of 119 Avenue NW and east of 70 Street NW; **MONTROSE**

The Subdivision by Plan is APPROVED on March 28, 2024, subject to the following conditions:

1. that the owner remove and replace the existing lead water service to proposed Lot 11B (contact EPCOR Water Services at 780-412-6858);
2. that the owner apply for a permit to demolish the existing dwelling prior to endorsement of the final plan. Demolition permits can be obtained from Development Services. Apply online at www.edmonton.ca/permits; and
3. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that the Subdivision Authority will not endorse the plan of subdivision or other instrument until the appeal period as prescribed by the Municipal Government Act has lapsed. An appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

The Subdivision Authority did not receive comments from adjacent landowners. The application complies with the regulations set out in the Edmonton Zoning Bylaw, the land is serviceable, and the proposal advances a more compact urban form. The Subdivision Authority is of the opinion, after considering factors set out in Section 9 of the Matters Related to Subdivision and Development Regulation, that the land is suitable for the purpose for which the subdivision is intended.

If you have further questions, please contact subdivisions@edmonton.ca.

Regards,

Blair McDowell
Subdivision Authority

BM/mc/Posse #500332626-001

Enclosures

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$715.00 - 2024 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- There are existing boulevard trees adjacent to the site that must be protected during construction. For information about tree protection please refer to the City of Edmonton's website (search "Trees and Construction").
- Any and all costs associated with tree work requests (removal, pruning or other) and/or remediation from damages are borne on to the proponent as per the Corporate Tree Management Policy (C456C). All work is to be carried out by Urban Forestry who can be contacted at citytrees@edmonton.ca. Removal of City of Edmonton trees must follow the Live Tree Removal Guidelines which include community notice and value compensation.
- Access for future development must be to the adjacent alley as per the General Regulations (Section 6.1) of the 2.30 RSM h12 - Small-Medium Scale Transition Residential Zone of Zoning Bylaw 20001.
- The existing concrete stairs that encroach onto the 70 Street NW road right-of-way must be removed with future redevelopment of the site, or the owner must enter into an Encroachment Agreement with the City of Edmonton. Permanent objects are not permitted to encroach within road right-of-way without entering into an Encroachment Agreement with the City of Edmonton. Email encroachmentagreements@edmonton.ca for more information..

Building / Site

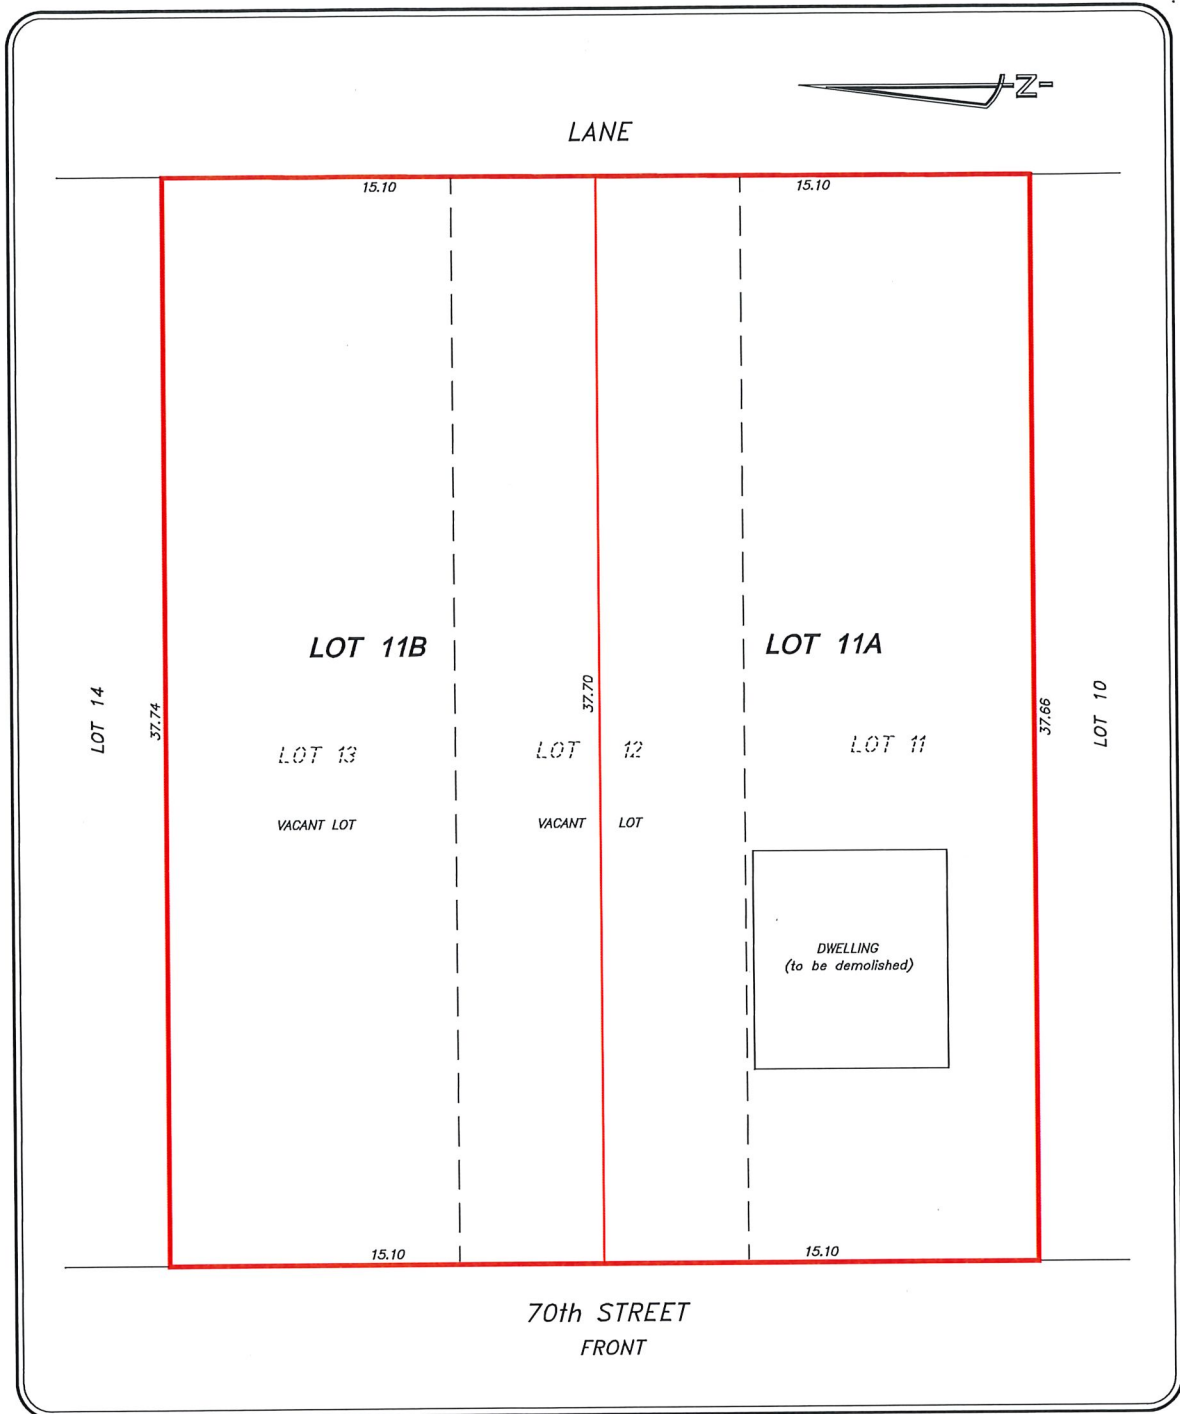

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- The existing services (water and sanitary) enter the proposed subdivision approximately 6.43 m north of the south property line of Lot 11, off the lane. Existing sanitary service also enters the proposed subdivision approximately 5.16 m south of the north property line of Lot 13, off of the lane.

As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.

- There is a deficiency in on-street hydrant spacing adjacent to the property. The applicant/owner is advised to review on-site fire protection requirements to ensure adequate coverage (contact EPCOR Water at 780-412-3955).
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$715.00 - 2024 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- There are existing boulevard trees adjacent to the site that must be protected during construction. For information about tree protection please refer to the City of Edmonton's website (search "Trees and Construction").
- Any and all costs associated with tree work requests (removal, pruning or other) and/or remediation from damages are borne on to the proponent as per the Corporate Tree Management Policy (C456C). All work is to be carried out by Urban Forestry who can be contacted at citytrees@edmonton.ca. Removal of City of Edmonton trees must follow the Live Tree Removal Guidelines which include community notice and value compensation.
- Access for future development must be to the adjacent alley as per the General Regulations (Section 6.1) in the 2.10 RS - Small Scale Residential Zone of Zoning Bylaw 20001.

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- The existing services (water and sanitary) enter the proposed subdivision approximately 6.4 m west of the east property line of Lot 10 off the lane. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.
- There is a deficiency in on-street hydrant spacing adjacent to the property. The applicant/owner is advised to review on-site fire protection requirements to ensure adequate coverage (contact EPCOR Water at 780-412-3955).
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).

- Overhead power lines are located on or adjacent to the subject site. It is important to prevent structural conflicts with electrical equipment. At the Development Permit stage, power poles, transformers, and other electrical equipment near the subject site must be included on all site plans and drawings. If a structure is greater than 5.5 m in height and has a setback of 4.5 m or less from the property line, please advise EPCOR Power's Customer Engineering Services (CES@epcor.com or 780-412-3128). They will provide feedback from a safety perspective, to help ensure Alberta Electrical Utility Code clearance requirements are achieved. For more information, refer to EPCOR Power's website at www.epcor.com (search "Building Structures and Power Equipment Clearances").
