

CONSTRUCTION NOTICE

Capital Line South LRT Utility Relocation Project 111 Street Between 12 Avenue and 23 Avenue NW

JULY 2023

PROJECT OVERVIEW

As part of the Capital Line South LRT Extension Project, EPCOR is responsible for relocating all the power, water and drainage utilities to avoid potential conflicts with the future Capital Line South LRT extension infrastructure. This is an extension of the current Capital Line, which will operate from Century Park to Ellerslie Road. The Capital Line South LRT Relocation Project began in May 2023 and is expected to be completed by the end of the year.

WHAT'S HAPPENING?

To meet the overall LRT project schedule, the City of Edmonton has requested that EPCOR perform the utility relocations within specific areas along the alignment prior to LRT construction.

The next two stages of drainage work will include sanitary relocations north and south of Blackmud Creek (Work Areas #2 and #4).

HOURS OF WORK

Regular working hours are **7:00 a.m. to 7:00 p.m. Monday to Saturday**. If required, these hours may be extended, and construction may occur on **Sundays from 9:00 a.m. to 5:00 p.m.**

EPCOR will do everything possible to manage noise associated with the construction and will work to ensure that the construction is completed within the requirements of the City of Edmonton Noise Bylaw.

SCHEDULE

There are four work areas of the drainage work:

Work Area #1 – Storm relocation on the west side of 111 Street between 19 Avenue and 23 Avenue NW

- Currently underway and anticipated to be completed by **early August**
- Construction notice for this work available on epcor.com/capitalline

Work Area #2 – Sanitary relocation on the west side of 111 Street, north of Blackmud Creek

- Expected to begin in **mid-July 2023** and anticipated to be completed by early **August 2023**
- Construction will involve work further outlined in this notice

Work Area #3 – Outfall & storm line relocation in Blackmud Creek

- Expected to begin in **late-July 2023** and anticipated to be completed by **December 2023**

Work Area #4 – Sanitary relocation south of Blackmud Creek

- Construction notice for this work available on epcor.com/capitalline
- Expected to begin on in early **August 2023** and anticipated to be completed by early **September 2023**
- Construction will involve work further outlined in this notice

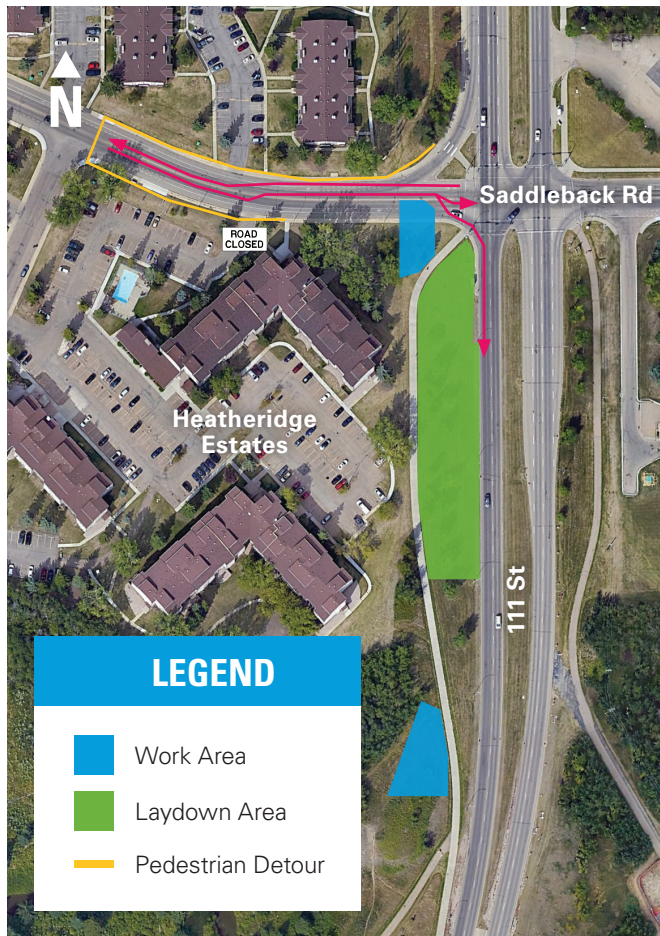

Timelines are estimates and may change based on weather and construction conditions.

OVERALL PROJECT AREA

MAP OF WORK AREA #2

Expected to begin in **mid-July 2023** and anticipated to be completed by **early August 2023**. *Timelines are estimates and may change based on weather and construction conditions.*

TRAFFIC IMPACTS

- Two eastbound lanes on Saddleback Road will be closed near the work area. The westbound lanes will be converted into one lane in each direction to allow two-way traffic.
- The entrance/exit into Heatheridge Estates Apartments from/to Saddleback Road will be closed. Residents will be required to use alternate accesses.

PEDESTRIAN IMPACTS

- The sidewalk on the south side of Saddleback Road will be closed near the work area. A detour will be provided at 111A Street.

OTHER

- A large portion of the greenspace on south side of Saddleback Road and on the west side of 111 Street will be closed and used as the work areas and laydown areas for the project.

MAP OF WORK AREA #4

Expected to begin in **early August 2023** and anticipated to be completed by **early September 2023**. *Timelines are estimates and may change based on weather and construction conditions.*

TRAFFIC IMPACTS

- One westbound lane on 12 Avenue west of 111 Street will be closed.

PEDESTRIAN IMPACTS

- The sidewalk on the north side of 12 Avenue will be closed near the work area. A detour will be provided at 112 Street.

OTHER

- A large portion of the greenspace on the west side of 111 Street will be closed and used as the work areas for the project.

SAFETY

The construction areas will be fenced and/or marked as restricted areas. We will take every precaution to ensure public safety, and we request your assistance in keeping children and pets a safe distance from the construction site and the equipment. We thank you for your patience and understanding as we perform this necessary work.

OTHER WORK IN THE AREA

EPCOR Water

Water utility locations will occur along 111 Street both north and south of 23 Avenue. Work will include moving a water transmission main to the east side of 111 Street. Work is anticipated to be completed within **two months**.

EPCOR Power

Power work is occurring along 111 Street from 19 Avenue NW to 25 Avenue NW to relocate electricity infrastructure. Work is anticipated to be completed by **early September 2023**, with additional power utility relocation work scheduled for fall.

Power outages may be necessary at times to ensure work can be completed safely. Customers can learn more about power outages at epcor.com/poweroutages.

MORE INFORMATION

EPCOR is committed to minimizing construction impacts where possible while we work in the community. If you have any questions regarding this work please contact us.
